

SENATE SEEMS TO BE UNANIMOUS FOR NAVAL LIMITATIONS

Five Hours of Debate Shows Members Favor It

(By The Associated Press)
WASHINGTON, March 28.—Five hours of debate on the naval limitation treaty today revealed a virtually unanimous sentiment in its favor and resulted in an agreement to vote finally upon its ratification at three P. M. tomorrow.

Throughout the day's discussion not a single voice was raised in opposition, altho many Democrats that the treaty did not further in the direction of both land and sea disarmament. Claiming a share of credit for the reduction actually accomplished the Democrats at the same time sought to show that the whole idea of an agreement conference originated with the Democratic congress of 1916 and finally was forced upon a reluctant Republican administration.

Tonight the administration leaders predicted that the ratification would be unanimous and that the submarine and poison gas treaty would be approved by a like vote before adjournment tomorrow night. The sudden sweep of progress aroused hope in some administration circles that the two Chinese treaties might also be ratified and the whole group or arms conference covenants returned to the white house with senate approval by the end of the present week.

At today's session Senator Lodge of Massachusetts the Republican leader explained the treaty's provision in a detailed statement of more than two hours and later Senator Underwood of Alabama floor leader for the Democrats declared the treaty be accepted as an epochal achievement by the American people regardless of party.

Senator Hitchcock of Nebraska senior Democrat on the foreign relations committee claimed for his party the credit to be derived from the accomplishment of the conference. He pointed out that the naval approval bill of 1916 contained a suggestion for an international meeting of minds altho he might have withheld approval from some of the specific proposals in that direction considered in congress. The discussion finally resolved itself into a league of nations argument in which Senator Williams, Democrat of Mississippi predicted that the league would remain a political issue until the United States had become a member of it.

Senator Borah author of the conference resolution asked how it could remain a political issue, "with one party going in the front door and the other going in the back door."

In the course of his address Senator Lodge replied in detail to charges recently made by Senator Reed, Missouri, that the treaty would not in fact establish a five-five-three naval ratio between the United States, Great Britain and Japan. Such a conclusion, Mr. Lodge declared, was based entirely upon misinformation. Senator Reed the only senator who has made a general attack on the naval treaty, is absent from Washington and is not expected to return in time for tomorrow's ratification vote.

**CHANGE LADIES
NIGHT AT THEATRE**
Chicago, March 28.—Recommendations for changes in ladies night, now being staged at a downtown theatre which were made by three unofficial censors following complaints made to city officers will be carried out by managers of the production it was announced today.

THE WEATHER
ILLINOIS: Mostly cloudy Wednesday and Thursday, probably showers Thursday in west and south portions, not much change in temperature.

RAILROADS SHOULD SUPPLY ENERGY TO THEIR EMPLOYEES

Jewell Says Must Use Same Principle as Supply Coal

(By The Associated Press)

CHICAGO, March 28.—Industries should use the same principle in supplying energy to their employees as in supplying coal under their boilers, B. M. Jewell, head of the shop crafts unions told the railroad labor board today in presenting a budget requiring \$2,636,977 a year for sustaining a working man's family.

America has such productive power and such natural resources should afford all her workers more than a shabby existence, Mr. Jewell declared in continuing his fight against wage reductions sought by 204 railroads before the board. To secure that Mr. Jewell's budget provides, however, the labor leader said, railroad mechanics would have to earn forty percent more than they now receive. "But the railroads propose to cut wages again," he continued. "Instead of seventy percent of the budget which railroad mechanics are now able to purchase, under the cut they will be able to buy only about half of the budget. Do the railroads propose to put their employees on the blockade ration of Germany during the war?" Mr. Jewell's budget he said was based on an average railroad mechanic family. It provided, he asserted, no more than a "sane supply of food and only the barest minimum in other respects."

"Under the 67 1-2 cents an hour rate which the railroads propose," he said, "a mechanic can make \$1,651.40 a year \$1,000 less than the amount necessary to purchase the essentials listed in the budget."

"Statements that men do live on such wages amount to no more than the statements that millions of Germans and Austrians lived thru the blockade. They did. But the infant death rate jumped, the tuberculosis rate rose tremendously and resistance to these diseases was so reduced that epidemics were developed which swept over continents."

"I think an industry which permits its employees to secure 4,000 calories of good food daily, gets a proportionate amount of energy out of those employees."

AMERICAN LEGION GIVES SURVEY OF WORK SITUATION

Best Conditions Prevail in the Middle West States

(By The Associated Press)

INDIANAPOLIS, Ind., March 28.—The country's employment situation was surveyed today by a statement issued by G. W. Powell, assistant director of the American Legion's campaign to relieve unemployment, who said the best conditions prevail in states between the Mississippi River and the Rocky Mountain.

"The farmers there are planting their crops and getting ready for a busy season, said the statement in the eastern sections of the middle west the large industrial centers show that work is slack."

In New England and the middle Atlantic states the employment situation is extremely serious. In the southern states conditions do not seem as bad as in the purely industrial districts altho there are a great many thousands still out of employment there. In the extreme western section of the country there are still thousands of veterans unemployed.

WANTS EXTENSION OF RADIO FACILITIES

HONOLULU, T. H., March 28.—Governor W. R. Farrington has sent to Representative W. S. Green, chairman of the house committee on commerce, marine and fisheries, a plea for a five year extension of the naval radio facilities in the Pacific for press messages at a low rate.

"This is a measure fraught with the greatest possible power for promoting peace and good will as well as the development of the American merchant marine and commerce in the Pacific," declares the governor. "The radio news that can be granted by private cables and wireless companies are prohibitive."

FEW INDICTMENTS MORE OR LESS MATTERS LITTLE

St. Louis, Mo., March 28.—Arthur O. Meininger, former cashier of the defunct Night and Day Bank today was indicted eight additional times by the grand jury making a total of 47 indictments returned against him on charges of banking irregularities. He is under \$55,000 bond.

ICE BERGS REPORTED IN TRANS-ATLANTIC LINES

Poston, March 28.—Two large ice bergs were reported in the westbound trans-Atlantic steamship lanes today by the coast cutter Seneca, which is maintaining the international ice patrol.

PRESENT FIGURES SHOWING INCREASE IN LIVING COSTS

Operators Receive Data from Anthracite Miners at Meeting

(By The Associated Press)

NEW YORK, March 28.—Conceding that while the rest of the country has been profiteering by a decrease in the cost of living the Anthracite miner has been confronted by an increase, union members of the miners and operators' sub-committee on wage contract negotiations today passed their demands for a "saving wage" scale as the only basis for settlement of the strike called for April 1.

Data compiled by the United States bureau of labor and by the miners from 300 business men in the center of population in the coal fields were submitted to the operators at today's session. It was offered as "direct proof" of conditions existing in the regions about Hazleton, Shamokin, Scranton, Pottsville, Shenandoah and Wilkes Barre. When their case was presented later the operators said they would submit data in support of their claim that miners' wages should be reduced in proportion to reductions in other industries of the nation.

S. D. Warriner, vice-president of the Lehigh Coal and Navigation company and leader of the operators' delegation at the wage conference expressed satisfaction with the progress of the negotiations.

Mr. Warriner denied publishing reports that the miners had sought to compromise or that the operators had made the union men any offer to recall the suspension order in order that production might continue under an agreement that the new wage contract would be made retroactive to April 1.

Mr. Warriner refuted statements attributed to Samuel Gompers president of the American Federation of Labor at Washington to the effect that in ninety-six percent of the anthracite industry ownership of the mines, railroads and distributing agencies was so closely linked as to constitute an arbitrary control of markets and prices.

John L. Lewis, president of the International Mine Workers will come to New York Friday, to head the miners' delegation at the arbitration conference.

KEEP SENATE FROM TALKING FOR AWHILE

(By The Associated Press)

WASHINGTON, March 28.—While the senate is digesting the 300 odd page tariff bill before it is formally called up on the floor, the senate finance majority under present plans will wrestle with the compromise soldiers' bonus bill which the house passed last week.

Probably one of the first steps in the consideration of the bonus will be a conference between the committee majority and the president. Before going ahead with the bill some members want to learn definitely just what kind of a measure will be satisfactory to the executive.

Because of the pressure of work in connection with the preparation of the tariff, members of the finance committee have little opportunity to give thought to the bonus legislation and are unprepared to express views on the house bill. One or two, however, say they are inclined to regard the Fordney measure as a "happy solution" of the bonus question.

WANT WORK ROOM IN CELLAR

CHICAGO, March 28.—Home sellers are paying more attention to home cellars this year than ever before according to exhibitors at Chicago's second annual "Own Your Own Home" exposition at the Coliseum.

No 1922 cellar is considered complete without its "work room."

"Every man who looks over our plans evinces a lively interest in the layout of the cellar," one exhibitor said. "They all speak of needing room in the basement for a work room, but when I ask them what kind of work they want to do they hedge."

PROBE REPORT OF \$29,000,000 PAYMENT

Washington, March 28.—Secretary Mellon has written Henry Ford inquiring as to the reported return of \$29,000,000 in war profits to the country by the Detroit manufacturer it was said today at the treasury.

Reports that Mr. Ford had made such a return to the government were understood to have been investigated by the treasury which was unable to locate the reported fund.

Mr. Mellon, it was said, had received an acknowledgment of his letter from Mr. Ford's secretary just before Mr. Ford left for the south but it was understood that an explanation of the reported transaction had not yet been made.

Condensed Telegraphic News

(By The Associated Press)

JANESVILLE, Wis., March 28.—Groping blindly about the burning home and calling frantically for the two children they had left there, Mr. and Mrs. Gilbert Gilbert were forced to abandon the search and have their home reduced to ashes. In the ruins were found the bodies of the children, one aged 4 years and the other 18 months.

SPRINGFIELD, Ill., March 28.—Letters to correct erroneous beliefs relative to the form of ballots for the April 11 primaries were sent to all county clerks of Illinois by Secretary of State Emmons today. No less than twenty county clerks were of the wrong opinion that special ballots were required for nominations to fill the vacancy for congress-at-large, the secretary said. In some counties forms for special ballots had been prepared.

CHICAGO, March 28.—Albert Philip, labor member of the United States railroad board, gave notice of his resignation effective April 15, to the secretary of the board today. Mr. Philip has been in ill health for several months. He was an appointee of former President Wilson.

NEW YORK, March 28.—Evidence in the Rickard rape trial was all in at noon. Supreme Court Justice Wasservogel told the jury he hoped to give them the case late today after both sides has summed up.

CHICAGO, March 28.—Edward S. Day, 62, first assistant state's attorney of Cook county, died at his home here today after an illness of several months. He came to Chicago from Springfield, Illinois and was admitted to the bar in 1892.

BUFFALO, N. Y., March 28.—Fire caused more than half a million dollars damage to the wholesale district today.

WASHINGTON, March 28.—The Boston & Maine railroad was granted a government loan of \$5,000,000 today by the interstate commerce commission. The fund will be used to extend the maturity of a \$5,000,000 loan made to the railroad previously by the government and will run for 13 years.

FOREMOST ENGINEERS WILL BE ASKED TO HELP SOLVE PROBLEM

To Give Testimony as to What to Do With Muscle Shoals

(By The Associated Press)

FLORENCE, Ala., March 28.—The foremost engineers of America will be called upon to appear in Washington before the senate agriculture committee to aid in solving the Muscle Shoals problem, Senator Norris, chairman of the committee announced here tonight after the government's nitrate plants had been inspected.

Chairman Norris did not share the view of a few of his colleagues that the Muscle Shoals problem might be speedily disposed of on return Thursday to Washington of the congressional committees. He said he would invite the presidents of four chemical and technical organizations to appear before the committee at once. They are the American Society of Electrical Engineers, American Society of Chemical Engineers, American Society of Civil Engineers and the American Society of Mechanical Engineers.

BUILDING ACTIVITIES GREATER THAN IN 1921

(By The Associated Press)

CHICAGO, March 28.—Building activities in the seventh reserve district are proceeding on a larger scale today than a year ago according to the business conditions reports to the C. W. Dodge company the statement said a total valuation of \$177,472,900 to building contract awarded during February. This the report continued is 6.7 percent more than is shown by corresponding returns for January and 76.1 percent more than for February, 1921. It is also about 10 percent ahead of the valuation figure given last March when the personal activity for the year had set in.

The reports said there were indications that building was being planned on a larger scale, residential building amounting to 43 percent of the total.

RADIUM STOLEN FROM HOSPITAL

Toronto, Ont., March 28.—Radium valued at \$20,000 stolen from the side of a patient in the Hamilton, Ont., City Hospital, while he was unconscious has been located in Syracuse, N. Y., it was learned today.

ARMED MEN RAID TRAINS

Belfast March 28.—Armed men raided a number of trains today on the Sligo-Litrim railway, removing all goods coming from the Ulster area and burning editions of the Northern newspapers which the trains were carrying.

CHICAGO, March 28.—The first railroad in the United States to equip a train with a wireless for the use of passengers is the Chicago, Milwaukee & St. Paul, which today announced the installation of radio sets on its limited trains between Chicago and St. Paul and Minneapolis. News received enroute will be posted for the benefit of travelers as fast as it is received.

WALLACE, Idaho, March 28.—George Turner, 79 years old, a veteran pioneer and Indian fighter, died here. He was wounded at the battle of Wounded Knee and was in Colonel Perry's command at the time of the battle of the Little Big Horn. He was born at Delhi, Nebraska.

WASHINGTON, March 28.—Record of an earthquake of moderate intensity was received on the seismograph at Georgetown university last night. The disturbance continued from 11:08 p. m. until midnight and was estimated to have been 4,000 miles from Washington.

RENO, Nev., March 28.—A father and his daughter will assist in deciding the fate of Mrs. Nannie A. Goodnight, on trial here today charged with assault with intent to kill her husband, Miss Ruth Atcheson, and her father, James Atcheson, were both drawn in venire and were accepted as jurors yesterday.

SAN FRANCISCO, March 28.—A fleet of fast freighters, financed by Hugo Stinnes, German capitalist, will operate soon between Hamburg and European ports and the Pacific coast, according to reports in shipping circles today, said to emanate from a representative of Stinnes now on the coast.

CHICAGO, March 28.—Why all but nineteen of 216 prospective osteopaths who had filed their names at Springfield and had paid the necessary fee failed to appear for the state examination puzzled examining board officials today. The examinations started yesterday. Dr. L. C. Taylor, secretary of the examining board said he could not explain why so few candidates had appeared.

COUNTER MOVE IS MADE ON THREAT OF RICHARD MULCAHY

Executive Council Denies Minnister Has Any Control

(By The Associated Press)

DUBLIN, March 28.—As a counter move to the threat of Richard Mulcahy the Dail Eireann minister of finance that all persons who attended Sunday's convention under the auspices of a section of the Irish Republican army would be suspended from the army, the executive council elected by the convention has issued to all units of the army an order denying the minister of defense and his chief of staff any control of the army. The order declares that Mulcahy and his chief of staff have pursued a policy calculated to subvert the republic and that the council by virtue of the powers vested in it is taking the present action.

The council further agrees that all those serving in the paid army which is intended as the nucleus of the free state army and in the civic guard which is the nucleus of the future police force must return forthwith to their respective Republican army units and that recruiting for these bodies must cease.

This is looked upon in Dublin as marking the final break in the army and it is believed the future depends largely upon which side has the effective majority of soldiers.

PREMIER AND CHURCHILL COMPARE DIFFERENCES.

LONDON, March 28.—The differences between Premier Lloyd George and Winston Spencer Churchill, secretary of the colonies respecting the recognition politically of the Bolshevik government are reported to have been composed at a conference between them last night and at their cabinet council today. The resolution which the premier will move in the house of commons next Monday regarding Genoa has been agreed upon and will be announced tomorrow. The cabinet is said to be united upon the policy which Mr. Lloyd George will outline in his speech.

Afterwards Mr. Lloyd George had an audience of King George, giving the monarch his customary review of recent political development.

BISCHOFF HAD
MANY CUSTOMERS
CHICAGO, March 28.—Twenty three thousand persons were listed today as creditors of Raymond J. Bischoff in a report by Referee in Bankruptcy Eastman. When Bischoff's investment company was placed in the hands of a receiver last week the losses were placed at \$4,000,000. Bischoff said he obtained the money mostly from poor foreign workmen for speculative purposes.

ILLINOIS MINERS AND OPERATORS TO MEET IN CHICAGO

Meeting Will be Held Today but Expect No Agreement

(By The Associated Press)

CHICAGO, March 28.—Illinois miners and coal operators will meet here tomorrow in a wage scale conference in conformity with their expiring contract. Neither side tomorrow however, expects an agreement to result.

Frank Farrington, president of the miners of the state, called the meeting to carry out his expressed intention of abiding by the present contract but in view of the decision of the international policy committee of the union not to sanction separate state wage agreements, operators today said they had no hope of averting the walkout set for Saturday morning. Three associations of the operators will be represented by W. K. Kavanaugh of St. Louis; H. C. Adams, president of the Central Illinois association and Rice Miller, president of the Illinois Coal Operators' association.

Both Farrington and spokesmen for the operators said previously that while the decision against separate agreements that the miners and employees in Illinois could get together if "outside interference" was removed. In an exchange of telegrams with John L. Lewis, international president, several weeks ago, Mr. Farrington indicated, however, that while insisting on complying with the letter of his contract by meeting with the operators, he would also abide by the decision of the policy committee if that body decided against separate wage agreements in any state.

FLOOD SITUATION SHOWS IMPROVEMENT

(By The Associated Press)

MEMPHIS, Tenn., March 28.—With a continuation of good weather, government and levee engineers tonight said that the river stage now expected would not prove dangerous to the levee system and that a break anywhere along the line from Illinois to Helena was extremely improbable.

The river at Memphis passed the 42 foot stage tonight but was rising more slowly than was expected by the weather bureau. The crest of the present flood was passing New Madrid, Mo., where a stage of 41.6 feet was reached and where the river is now stationary. The river at that point will probably remain on a stand for 24 hours longer, engineers said, and will then begin to fall. The higher water which was feared from the rains in the central valley it was declared will not reach the Mississippi soon enough to join with the crest of the present flood stage as was feared at first. The flood is expected to reach its highest at Memphis on Friday night or Saturday and will then probably remain stationary here for several days.

HARDING TURNS EARTH FOR MEADE MEMORIAL

(By The Associated Press)

WASHINGTON, March 28.—President Harding stood bareheaded in the rain today in the National botanical gardens just west of the capitol and turned the first full spade of earth when ground was broken for the memorial to Major General George Gordon Meade, commander of the victorious union army at the decisive battle of Gettysburg. Secretary Weeks, Governor Sprout of Pennsylvania, Senator Brandagee of Connecticut a member of the Memorial, George Gordon Meade, grandson of the Union leader and George Gordon Meade, Jr., a grand son, as well as Lieutenant General Nelson A. Miles, participated in the ceremonies.

The president was accompanied by Mrs. Harding and the Chief Justice of the United States and Mrs. Taft.

LEATHER BUYERS NOT PURCHASING FAR AHEAD

Boston, March 28.—Buyers in the leather market are anticipating their requirements only a short time ahead, George H. Swift, president of the National Leather company said in his report to shareholders at the annual meeting here today. But he added, the situation appears to be at that stage where a very slight increase in demand, either domestic or foreign would change the entire complexion of the tanning business.

When this change does occur, it is likely to be sudden, he said.

TRY TO ASSASSINATE FORMER MINISTER

Berlin, March 28.—An attempt was made to assassinate Professor Paul N. Milukoff, former minister of foreign affairs in the Russian provisional government while he was addressing a gathering of Russians tonight.

The attempt was frustrated by Vladimir Nabukoff, who himself was killed by a bullet aimed at Milukoff.

DIRECT TESTIMONY IS GIVEN AGAINST ARBUCKLE TUESDAY

Physician's Secretary Tells What Miss Rappe Told Her

(By The Associated Press)

SAN FRANCISCO, Cal., March 28.—The first direct testimony linking Roscoe (Patty) Arbuckle with the death of Virginia Rappe was given in his trial for manslaughter late this afternoon by Miss Virginia Briggs, secretary to Dr. Francis Wakefield, at which sanitarium the actress died. She said Miss Rappe told her:

"Arbuckle took me by the arm and threw me on the bed and put his weight on me and after that I do not know what happened."

With the testimony of Miss Briggs, a surprise witness, the state rested its case. The defense immediately began the presentation of its evidence by calling Adolph Juel, head of the police identification bureau to the stand.

This is the first time Miss Briggs has appeared as a witness and at the conclusion of her testimony the defense made a motion that her statements be stricken from the record as hearsay. This motion the court denied.

Miss Briggs explained she had gone into Miss Rappe's room on the day of her death.

"She asked me about the amount of the hospital bill that would be due," said the witness. "She said she didn't see why she should pay the bill as Arbuckle was responsible for her being there. I told her that if Arbuckle or anyone else should pay the account after she left, the money paid by her would be returned. She replied that she was not going to leave, that she was going to die."

"Then I asked her why she thought she was going to die and it was then that she told me the details of the party."

Cross-examined by Attorney Gavin McNab, defense chief counsel, as to whether it was not true that she had telephoned him asking that Miss Rappe's bill be paid and threatening that if it was not she would tell her story to the district attorney, Miss Briggs denied the district attorney. She made an absolute denial. She also denied that McNab had told her to give any evidence she might have to the district attorney, altho admitting that he had told her to see that official, she presumed about the bill.

"I had some one on the line while I was talking to you," said the witness.

"So did I," volunteered McNab.

Miss Briggs declared that she had not told her story before or volunteered any information before she shrank from the notoriety. She added that she had been summoned to testify only last Saturday.

INDUSTRIAL PLANT WAGES ARE LOWER

(By The Associated Press)

CHICAGO, March 28.—The railway committee of the Illinois Manufacturers association today presented data to the United States railroad labor board intended to show that wages in industrial plants in Illinois are much lower than wages paid for the same class of work in railroad shops.

The committee's information, according to a letter to the board from George R. Meyer, chief chairman was gathered independently of the exhaustive survey made by the railroads, but shows the same general results in states industrial centers including Chicago, Moline, Alton, Decatur, East St. Louis, Granite City, Aurora, Chicago Heights and Rockford.

Among industrial concerns from which information was obtained are listed harvesting machinery and automobile plants, plow factories, paint and carpenter contractors.

INDIANA WOMAN KILLED AT SHANGHAI

(By The Associated Press)

SHANGHAI, March 28.—Mrs. W. J. Snyder of Brazil, Ind., was killed today and four other persons were wounded when two Koreans made an abortive attempt to assassinate General Gliel, former Japanese minister of war, upon their arrival here from Manila.

Mrs. Snyder was just stepping off the ship and was not more than twenty feet from the Japanese general when the Koreans opened fire. She was accompanied by her husband on a trip around the world.

The Koreans who were arrested immediately confessed their purpose was to kill General Tanaka.

HAS NO INTENTION OF ABANDONING CASES

Chicago, March 28.—Attorney General Daugherty has no intention of abandoning prosecution of liquor cases in the federal courts and the transfer of some cases to the state courts here was a temporary measure needing filling of vacancies on the federal bench according to a letter from Mabel Walker Willebrandt, assistant attorney general in charge of liquor cases made public here tonight.

KU KLUX CEREMONY CARRIED OUT FOR SPRINGFIELD MAN

Pay Tribute to Charles E. Van Wormer at Oak Ridge

(By The Associated Press)

SPRINGFIELD, ILL., March 28.—As mourners turned from the bier of Charles Edward Van Wormer in the Mausoleum in Oak Ridge Cemetery at the close of the Masonic ritual today twenty one figures dressed in the white robes of the Ku Klux Klan, marching in the form of a cross entered the long marble hall and preceded noisily the one crypt in which the body had been placed. Here the leader deposited the red six foot floral cross which he bore spread his hands momentarily above it, turned and lead the strange procession out and down a ravine back of the mausoleum to waiting automobiles.

Not a sound escaped the curious watchers during the silent ceremony.

As the funeral party entered the mausoleum signals were passed down the ravine by colleagues to a small group of men standing numbers of which were disguised. The march of the klansmen was timed for their arrival at the close of the Masonic ceremony.

The man to whom this silent tribute was paid was a well known contractor and a member of a prominent Springfield family.

Today's ceremony, conducted in the shadow of Lincoln's tomb was a repetition of one two weeks ago at the grave of Frank Whitney, a Springfield banker.

ANOTHER MOTION PICTURE SCANDAL IS NOW UNDER WAY

Herbert Rawlinson is Sued for \$200,000 Dam- ages

(By The Associated Press)

LOS ANGELES, Calif., March 28.—Herbert Rawlinson, motion picture actor, was made defendant in a suit for damages of \$200,000 filed in the superior court here today by Mrs. Ethel E. Clark of New York, who charged Rawlinson had committed a statutory offense against her daughter, Dorothy Clark, two years ago.

Mrs. Clark and her daughter are now in New York but their exact address was withheld by their attorney, J. K. Stickney of San Diego, Calif., who said he had filed the action at the request of Mrs. Clark.

The alleged offense, according to the papers in the suit, was committed in New York in 1920, when the girl was 15 years old. At that time it was said, the girl had had a brief experience in motion picture work. More recently, Attorney Stickney stated, she had been on the legitimate stage in New York.

The complaint filed Oct. 15, 1920, as the exact date of the alleged assault and related other purported actions on the part of Rawlinson, Rawlinson here tonight. At the headquarters of the motion picture company which employs him it was stated he had left the studio early this afternoon.

He recently returned to Los Angeles after a "personal appearance" tour in connection with his latest film play.

About the same time it was learned he had filed suit for divorce against his wife, an actress known professionally as Roberta Arnold, charging desertion. Some time before he filed his action, it was said, Rawlinson had started a divorce suit in the east but later dropped it.

CONSUMERS HAVE COAL IN STORAGE

(By The Associated Press)

WASHINGTON, March 28.—Consumers had approximately \$2,500,000 tons of bituminous coal in storage March 28, according to a statement issued tonight by the census bureau and the geological survey. This was in addition to 5,160,000 tons on the upper lakes docks and 674,000 tons held by producers at mines or intermediate points. Estimates based on the rate at which coal has been leaving the mines recently indicated a reserve of at least 63,000,

The Wichita Beacon News says that lots of theories would work if those who have them would.

The conservatism of the comment made by John T. Adams on the special Congressional election in Maine will add to the already high confidence in which the Republican National Chairman is held by the country at large. Following the Republican victory Mr. Adams merely called attention to the fact that the Republican nominee won the contest by a 62 percent vote in a district which gave the Republicans only a 54 percent vote in 1916, a 58 percent vote in 1918 and a 64 percent vote in 1920, and then said: "The issue in this election was one year of Republican administration and the accomplishments of the present Republican Congress as compared with the record of eight years of Democratic rule. The result leaves no doubt as to the preference of the people."

That was indeed a very modest statement in view of the record. In 1918 the Republicans won control of Congress, but the victory in the Maine special election was by a larger percentage than that district was carried four years ago and the highest percentage in many years except in the Harding landslide in 1920. In fact, the Democrats carried that district ten years ago. The circumstances would have fully justified Mr. Adams in a little boasting, but he maintained his usual calm and dignified demeanor.

Read in another column the facts about the receipts and expenditures of money in road district No. 7. This city is a part of

this road district and pays thousands of dollars into the fund. Every person of legal age in Jacksonville has a right to vote upon the choice of the commissioner who will expend this tax money. A competent and dependable official should be chosen.

Mr. Farrington, head of the Illinois miners, has expressed his willingness to meet the operators in conference. That in itself is a significant fact and indicates that the mine officials and operators in Illinois are not as far apart as is true about the labor and capital representatives in some other states.

Mr. Haynes, national prohibition officer, must be a reasonable officer, after all. He objected to the pouring of a million quarts of liquor into the Chicago river on the ground that the waste was unnecessary and that the anger of some people would be unnecessarily aroused. Mr. Haynes is thoroughly dry but he is not an extremist.

People have heard so much about John Rockefeller, Pierpont Morgan, Secretary Mellon and a few others among the very wealthy people of the country that they think of this circle of great wealth as very limited. W. L. Harkness died recently in the east. He left an estate worth more than \$150,000,000, yet very seldom has this man's name appeared in general print. No doubt there are a good many others just as wealthy—persons who have not happened to get into the line light of publicity.

The Illinois Traction Co., is said to have more than \$1,000,000 worth of coal in storage in preparation for the coal strike. The supply will last three months or more, and has been accumulated at a very heavy expense. This condition illustrates what the utility companies must do for the protection of the public. The strike may last a week, a month or several months. The utility companies can take no chances of the interruption of service, and so must store fuel on the chance of months, rather than weeks of mine strike duration.

Township meetings were held by farm bureau members last night in order to give the opportunity for the suggestion of ideas of work that the members would like to see followed out. The fact that these meetings were arranged is indicative that there

has been some fault finding or some dissatisfaction. It would be an exceedingly surprising thing if all those who became members of the bureau two or three years ago were entirely satisfied at this time. Farming conditions have changed materially in the period mentioned and it is only a natural thing that some of the members have grown restive and wonder just how effective the bureau work is. However, those who consider the question fairly must realize that farm bureau work has its very definite value.

Gov. Small was very cordial to Jacksonville people on his recent visit and was just as cordially received. The governor has laid great stress upon his good roads policy and certainly his endeavor to bring down construction costs of roads has brought its reward. If the governor had yielded to influences that insisted upon the earlier letting of hard road contracts, millions of dollars would have been lost to the tax payer. The governor in his public address here, as he has done in other places, maintained his entire innocence of the charges now pending against him and pointed to a political conspiracy as the basis of the charges.

The average down state citizen is fair enough to credit the chief executive of the state with innocence of wrong doing until such a time as charges made are proven.

COMPANY PREPARES FOR NEW BUSINESS

Directors Chosen by Stockholders of Controllable Light Company—Machinery to be Purchased Soon.

Stockholders of the Anderson Controllable Light Co. held a meeting at the chamber of commerce rooms Tuesday night. Temporary organization was effected by the selection of C. F. Anderson as chairman and J. R. Mitchell as secretary. After considerable discussion an amendment to the charter deemed advisable was made. The stockholders elected the following nine directors: C. F. Anderson, J. R. Mitchell, R. C. Singley, E. A. Brennan, John W. Merrigan, M. E. Greenleaf, W. W. Gilliam, Harrison King and W. S. Ehlers.

The directors are to meet at the chamber of commerce rooms at 2 o'clock this afternoon for the reelection of officers and to consider various matters relative to the business affairs of the corporation. A decision will be reached today with reference to the purchase of machinery. It is the expectation that the new machinery can be received here in the course of two weeks' time and it will not be long afterward until the local plant is in actual operation.

AGED RESIDENT OF WINCHESTER IS DEAD

Mrs. Electa Watson Passed Away at 10:30 Tuesday Morning—Funeral Thursday Morning—Other News from Winchester

Winchester, March 28.—The death of Mrs. Electa Watson came at 10:30 o'clock Tuesday morning at the family home here. The deceased had been in failing health for several months, but had been confined to her home only a short time.

Mrs. Watson was born and reared near Point Pleasant seventy-six years ago, and lived there until her marriage. She had resided in Winchester for the past eleven years and was well known in the community. Devoted to home and family and of retiring disposition, Mrs. Watson yet found time to take an active part in various movements for the betterment of the community, and her interest in her friends was maintained to the last.

The deceased was a member of the Primitive Baptist church for many years. Her husband preceded her in death a number of years ago. The surviving children are: Mrs. I. C. Sheppard of Colorado; Mrs. James Masters, Sand Point, Idaho; Mrs. Charles B. Taylor, Winchester, Miss. Katherine Watson of Ranger, Texas; George Watson of York, Pa.; Fred Watson, Lynville; Beni Watson of St. Louis.

The funeral will be held from the late home at 10 o'clock Thursday morning, in charge of Elder George W. Murray.

News Notes

Mrs. Nathan Hamilton was called to Jacksonville Tuesday by the illness of her son, Albert.

Mr. and Mrs. Jake Stone of Chicago have been guests the past few days at the homes of Mrs. Stone's brothers, David and Albert Hainsfurther. They expect to return to their home Wednesday accompanied by Miss Henrietta Hainsfurther, who will make a visit there.

Mrs. John King left Monday afternoon for California, called by the death of a relative.

If you had to abandon some of the conveniences which modern life has brought, would you choose the automobile?

ILLINOIS MISSIONARY SOCIETY WILL MEET.

The Illinois Christian Missionary Society, representing 700 churches and 115,000 communicants in Illinois, will hold six district conventions in the state this year, it was announced by H. H. Peters, state secretary. Following are the convention cities and dates: Granite City, May 9 and 10; Charleston, May 11 and 12; Bloomington, May 16 and 17; Moline, May 18 and 19; Virden, June 6 and 7. The dates of the Chicago convention have not been set as yet.

Mr. Peters also announced that the Disciples would soon dedicate new churches at Hillsboro, Mount Carmel, Allendale, Flora, Donohue Prairie, Ogden, Westerville, with church building campaigns in progress at Daquoin, Fairfield, Murphysboro, Astoria, Neoga, Oakland, Summum and Niantic. New churches recently were dedicated at Hurst, Harrisburg, Cornland, Lake Fork, Aurora and Kewanee.

BEN C. ANDREWS

Road District Seven

Jacksonville and South Jacksonville are now parts of Road District Seven for taxation and election purposes. Road district taxes are levied against all property in both municipalities and one-half of these taxes collected in each is returned to it and the other half goes to the road district. Every citizen in Jacksonville and South Jacksonville is entitled to vote for district road officers on Tuesday, April 4th.

The law which places municipalities in road district recognizes that the highways nearest towns are the most used and consequently the most expensive to maintain, that the people in the towns are vitally interested in maintaining in good condition the roads which approach the towns and that citizens of the towns should have the right to help select the officials who are to spend their money.

Road District 7, comprises all of Township 15, Range 10, and is about six miles square. It extends from the square about 3 3/4 miles north, the road in front of the home of Charles S. Black being the north line, 4 miles east, Salcm church being about a quarter of a mile west of the east line, 2 3/4 miles south, the jog in South Main street just south of South Jacksonville being the south line and about 1 3/4 miles west, the west side of the old fair grounds being the west line.

Every citizen of this territory is entitled to vote at the road election to be held on Tuesday, April 4.

Under an amendment to the road laws, in force last July, the State and County now have full control of all State Aid roads in the district and must maintain them thereby relieving the road district from any expense whatever in connection with the State Aid roads which are the most travelled and most expensive to maintain.

This means that henceforth the State and County will maintain all of the following named roads in district 7, which lie without Jacksonville and South Jacksonville: North Main street, the main road leading northeast from Jacksonville following close to the C. & A. railroad, the State Road, the Morton Road, the Vandalla road, South Main street, the Mound road and the Chapin road.

After these main roads are taken from the district, there still remains for district care about 25 miles of road, some of which mileage is main road some of which is

BIG RESERVE OF COAL STORED BY THE ALTON

When the mines shut down Friday the Chicago and Alton will have approximately 125,000 tons of coal in storage. Normally the company consumes about 70,000 tons per month. With the anticipated slump in business, this consumption is far less and it is hoped that the reserve will last the company at least three months. There will be the greatest possible economy placed in effect in order to make the supply last as long as possible. There is a possibility of a settlement of the strike before the reserve becomes exhausted.

Should the strike be prolonged the company may be forced to use southern or eastern coal from the non union mines. This was necessary during the last important strike a number of years ago. The company also has the application of oil burners to fall back upon. Many of the western roads consume oil successfully and the Alton may adopt the same method should there be a famine in coal. The Alton received a train of fifty-two cars of company coal yesterday for storage at Normal. Conductor Deates with the 880, Engineer Dietz, brought it up from Springfield, the engine crew going south light Sunday night for the purpose. (Bloomington Pontograph.)

(c) Dawn..... Curran
(d) Life..... Curran
Miss Conboy.
Accompanist, Miss Esther Duncan.

We solicit your ice orders promptly and assure you prompt and courteous service.—WALTON & CO. Phone 44.

G. E. KICK INTERESTED IN MUSCLE SHOALS TERRITORY

George E. Kick, who purchased the Julius Strawn farm in this county several years ago, is now very much interested in the Muscle Shoals territory. Mr. Kick has recently spent more than a month at Muscle Shoals and is very enthusiastic about the prospects for the development of the country thereabout. He purchased an 80 acre tract of land located near the nitrate plant which Henry Ford is seeking to acquire. The land Mr. Kick purchased has already been subdivided into lots and the whole acreage has been named Commercial Heights.

It is understood that Mr. Kick has also made other investments

near Muscle Shoals as he feels confident that a splendid opportunity is offered for money making.

ENTERTAINMENT TO BE GIVEN AT MURRAYVILLE

Friday evening Oak Hill and the grade schools of Murrayville will give a program at the Murrayville high school. The purpose is to bring about a better understanding of Red Cross work and also to raise funds for the Murrayville branch of the Red Cross.

Announcements of the meeting have been sent to a number of Jacksonville people by J. E. Thompson, who is chairman of the Murrayville Red Cross branch.

ADVICE
What is It Worth?

It depends—upon the one giving the advice, his standing, training and experience.

In investment matters, no one is better qualified to give advice than a bank.

It is a bank's business to know what investments are safe. Every day it comes in contact with investment problems.

This bank, through its place among the successful institutions of its kind, is especially fitted to advise on investment matters and to suggest safe selections. It does not recommend and never has recommended any but the highest grade securities.

Our advice on investment matters is yours for the asking whether or not you are contemplating an investment through us.

KEARNS' ARTICLE IS FEATURED IN MUSIC MAGAZINE

Article on "Use of the Cue-Sheet" by Jacksonville Man Appears in Metronome Orchestra Monthly.

The current issue of the Metronome Orchestra Monthly contains an article by John Kearns, of this city, on the "use of the cue-sheet" in the adaptation of orchestra music to the motion picture. The article ought to be interesting to musicians, and to patrons of the film in general who are interested in hearing better and more appropriate music as an accompaniment to the picture story. The article is as follows:

A slavish following of the cue-sheets will never get any leader a reputation for ingenuity or originality.

About the worst thing the intelligent leader has to put up with is the manager who believes in giving his patrons just what they want, and invariably jumps at the conclusion that they want noise, whatever the nature of the sentiment being depicted upon the screen. So he orders the cornets and trombones to grind out three hours of jazz, which is more nerve-racking than any spectacle of crime deleted by the board of censorship. I have often wished that some sort of censorship might be extended to the music used to accompany the standard films.

The average patron goes to see the picture, not to hear the music. Or perhaps he wants the music too—all that's coming to him for the money. But the music should be secondary to the picture. The film appeals to the eye and the conscious mind. The music appeals (or should appeal) to the ear and to the subconscious mind.

The advent of the talking picture will be a relief to the musicians—particularly those who are obliged to play every foot of the film, under a mistaken impression that silence is a detriment to the picture. On the contrary, short periods of silence at proper places are highly effective, just as in grand opera, and they are often a great relief to the nerves of the audience as well as the morale of the orchestra. No orchestra can play two or three consecutive hours, without a pause, and not be demoralized, so far as "pep" and tone are concerned. And no common laborer shoveling dirt on the street could, or would, keep up the same pace.

But what I started out to say was that no leader has to follow the cue-sheets implicitly, in order to realize correct and noticeable effects with his orchestra. If possible, he should see the picture first, cue-sheet in hand. Afterwards he can consistently lay out his selections. The racks should be wide enough to hold four sheets at least—the main series first, with room to turn over sheets, then first theme and second theme off at one side, but always in sight.

Where the picture changes every day, the leader has a hard job. When it runs several days in succession, the music ought to improve, so far as adaptability is concerned, with every repetition. A number of tricks are available to make the music seem as if it were written especially for the picture. Sometimes repeating a strain somewhere will save going back and ending in the middle of a piece. Sometimes an extra ritard, or a few dramatic pauses, will prolong

a strain sufficiently to bring it to close with the scene.

Occasionally the music is too elaborate. A great many leaders just hate to bow in subjection to the picture. They think it degrades their orchestra. They want to play fine selections, with a flourish, and play them right through. To them it seems a pity to have a capable orchestra, and not to make the most of its capabilities.

But patrons are beginning to notice and appreciate dramatic effects in the orchestra, and to hold in contempt the orchestra that ignores them. A study of effects—psychology, as it were—is becoming more and more a necessity with a leader. A technical knowledge of harmony and drama are a great help.

From harmony we derive the effect of anticipation—where a note is taken and held through several bars of cadence, until the change to a new key justifies, or resolves, the discord. In the same manner a cue may be taken up a few seconds ahead of time, and the change in the picture then justifies the effect. But, of course, it is always wise not to repeat such devices to the point of staleness, or else to have such a store of them that you can lay claim to variety, the chief of all devices.

FUNERALS

Scott.

The funeral of Mrs. Ezra Scott was held Tuesday afternoon at Grace church at 2 o'clock. The services were in charge of Rev. T. H. Tull and were attended by a large number of relatives and friends. Interment was made in the Asbury church cemetery.

Music was furnished by a quartette consisting of Mrs. Stella Mahon, Miss Catherine Parker, Hubert Little and Norman Campbell. Mrs. H. C. Wolman also sang a solo, "When They Ring Those Bells For You and Me."

The many beautiful flowers were cared for by Miss Margaret Camm, Miss Ruth and Miss Elizabeth Henbrough, and Miss Esther and Miss Emma Scott.

The brothers were John Voll-rath, James Fitzhugh, George More, Thomas Knapp, George Haigh and W. A. Crawley.

TEX RICKARD IS FOUND NOT GUILTY

(By The Associated Press)

NEW YORK, March 28.—George L. ("Tex") Rickard, international sports promoter, tonight was found not guilty of criminal assault on Sarah Schoenfeld, 15 year old school girl, by a jury in the supreme court. The verdict was handed down after the jury had deliberated an hour and a half. When the verdict was announced Rickard, his face flushed, went over to his counsel, Max D. Steuer, and embraced him.

"This is the happiest day of my life," exclaimed Rickard.

There was some applause when the verdict was announced. When word came that the jury was ready to deliver a verdict, Rickard, appearing somewhat bewildered, stood up near the counsel table.

"Have you arrived at a verdict?" asked Chief Clerk Penny.

"We have," answered Albert C. Hoy, a textile agent, the foreman. "We find George L. Rickard not guilty."

Rickard was then called to the bench and told that he would be freed under bail, pending disposal of other charges against him.

When court adjourned, many spectators rushed forward to shake Rickard's hand and court attendants had difficulty in preserving order. Rickard was carried almost bodily from the court room up one flight of stairs to the sheriff's office where he posed for photographers.

Turning to newspapermen, Rickard said:

"Thank you all. God bless you. You have all been very nice to me. I've never been happier in my life. Boys, I have shot craps for \$35,000 a roll and I was never in any greater suspense than when the jury returned to the court room."

WANT TO MAKE

CANADA BONE DRY
Ottawa, March 28.—Prohibition advocates today called on Premier King to make all of Canada "bone dry." The premier promised that the suggestion for a Dominion-wide measure to supplant provincial liquor laws would receive careful consideration by the cabinet but that no such measure would be introduced at the present session of the house of commons.

T. H. CURTIS DIES IN CALIFORNIA

Former Resident Passed Away Suddenly—Was Engaged in Business Here Many Years.

Mrs. Robert Mutch received a telegram yesterday telling of the death of her father, T. H. Curtis, which occurred at his home in Marysville, California, Monday morning. No news had been received of his illness and it is thought that death came suddenly. He was about 65 years of age.

Decedent was for many years resident in Jacksonville and was engaged in the grocery business, his store being in East State street. After retiring from business he spent several years in traveling for a wholesale grocery firm.

About ten years ago Mr. Curtis moved to Marysville, California, which has since been his home.

Mr. Curtis was twice married. His first wife died a number of years ago. He was again married and his widow survives. He also leaves two children by his first marriage, Mrs. Robert Mutch of this city and Charles Curtis of Sinclair, and two sisters, Mrs. Cassell and Miss Curtis of Kansas City.

During his residence here Mr. Curtis was a member of Centenary church and was active in the work of that organization.

Funeral services will be held in Marysville today.

Dr. Shields' wonderful production, "A Maker of Men," Westminster, next Sunday.

THE AMBASSADOR

MEXICO produces about 60% of the world's silver supply. Rumors of a syndicate being formed to curtail Mexican production and thus stimulate higher prices are not being taken seriously; as thus far prices have been receding slightly.

Whether you want to buy sterling or plated ware, we can show you the design that will indicate your taste and suit your individuality as expressed in the other home things.

One of our new patterns is the AMBASSADOR, a design of great beauty, though simple, and giving dignity to the table. This is a pattern your friends will notice with pleasure when they see it.

We have this new design and many others in the most heavily plated quality, sectionally plated as well, to take care of the points of greatest wear.

A Public

RADIO CONCERT

Every Evening during the Auto Show, Merchants' and Manufacturers' Exposition, at the Auto Inn, beginning at Seven O'clock. THEY ARE FREE

Arrangements have been made whereby, through the courtesy of the Illinois Electric company, Chicago, representatives of the Westinghouse Electric & Manufacturing company, there will be installed in our booth at the show a complete Westinghouse Radio Wireless outfit.

This splendid example of modern research and ingenuity will be in charge of an expert operator from the company's headquarters. Several large amplifiers will be installed so that the programs received may be heard in all parts of the building.

The instrument will be of a size and

power to receive the musical programs and news of interest, sent out from the principal broadcasting stations in this country, and should prove of particular interest and add to the pleasure of every visitor during the week.

We shall have on display in our booth several smaller size Westinghouse Radio outfits, suitable for homes and factory representatives will be present to give full details as to installation, operation and costs.

We shall also have on display in our booth the Clark "Jewel" Lorain-equipped gas stove, The Eden Washer, and Universal Electric appliances.

Chicks grow and Grow and GROW

You will be surprised how rapidly your chicks will grow when fed on Blatchford's Chick Mash (formerly Blatchford's Milk Mash). Many users say they can almost see the little fellows grow. In fact there isn't another feed on the market that will push them along as rapidly, or as satisfactorily.

Blatchford's CHICK MASH
(formerly known as Blatchford's Milk Mash)

Blatchford's is not simply a feed for chickens. It is a carefully milled and prepared milk-substitute which is used by the most prominent poultrymen in the country for starting and growing their chicks. We recommend it. A trial will convince you that it is in a class by itself.

CHICAGO MAN SEEKS LIBERTY

(By The Associated Press)
CINCINNATI, O., March 28.—Welton D. Hatford, Chicago, Illinois, former resident of Lebanon, Ohio, today filed suit in United States district court against Frank M. Cunningham, his father-in-law, Portia Cunningham Hatford, his divorced wife and others residing in Lebanon, and Warren county, for an injunction restraining them from interference with his liberty.

In his bill he charges his father-in-law and former wife conspired together to have him adjudged to be a lunatic in 1913; that they had him "railroaded" to the Cincinnati sanitarium at College Hill whence he escaped in 1916 and went to Chicago and that the purpose of the conspiracy was to obtain his property including farm lands in Ohio and Wyoming, insurance policies of a face value of \$14,000 and other personal property.

ASK DISCHARGE OF FORMER JUDGE.

BOSTON, March 28.—Supreme Court Judge Carroll today denied the motion of former Governor John L. Bates, council for the directors of the Christian Science Church asking that former Judge Frederick Dodge be discharged as master of the proceedings by which John V. Dittmore seeks to compel his reinstatement as a member of the board. Dittmore contends that he was illegally removed.

The motion said that Judge Dodge was biased and prejudiced because he had found that Lamont Rowlands had been illegally removed as a trustee of Christian Science Publishing Society, and that the directors of the church had no right to interfere with the trustees.

This opinion was subsequently overruled by a decision of the Massachusetts supreme court.

TALKS OF POLICY FOR ENFORCEMENT OF LAW

Rev. J. H. Williamson, New Commissioner of Law Enforcement in Chicago Says he Must Have Support of all Good Citizens.

CHICAGO, Ill.—"A part of my task is to see to it as best I know how, that from the highest official in our city government down to the humblest citizen in the rank and file of our population, the law shall function and our laws shall be enforced."

In these words, the Rev. John H. Williamson, newly appointed commissioner of law enforcement of Chicago, outlined in part his policies in an address to the Chicago city council in his first appearance before that body recently.

"My own life and powers are dedicated to that task," he continued. "My success will be largely determined by the rallying practical support of good, well intentioned, loyal citizens."

"We have come to the place in our public affairs and official duties connected therewith, where we are tested to the straining point of demonstrating whether we shall maintain the powers of our duly constituted authorities in enforcing the laws or allow corrupted politics, linked up with organized crime impress a vast majority of law-abiding people that the crooks are defiant and stronger than the laws of our city, state, and nation," the Rev. Mr. Williamson said.

"It is no longer a matter of our own pleasure in choice of whether we will be positive or negative, the circumstances of our times compel each man to take sides. If he is not for law enforcement, he is against it. There is no compromising situation of inaction or indecision, and the public demand is that of knowing facts sufficiently, that they may know without question who the public officials are that stand with the lawless; and who the public officials are that trifle with our constitutions by aiding the violator; and who the public officials are who are seeking to do their very best to keep their own oath of office sacred and require justice."

The Rev. Mr. Williamson asked of the city council "all legitimate and reasonable help" in law enforcement.

Anything that indicates apathy on your part is to be deplored," he continued, "and if there are any signs of opposition to law enforcement in your midst—the person or persons who foster that opposition deserve the condemnation of his fellow members in the council, and his constituents of his ward."

FREE TEXT BOOKS ISSUE IN ELECTION

Trades and Labor Assembly Makes It Issue in Bloomington School Election.

Bloomington, Ill., March 24.—Free text books in the public schools have been made an issue in the school election here April 3.

The proposition will go on the ballot as result of petitions from the Bloomington Trades and Labor Assembly.

Estimates on the increase in school taxes to buy text books in all the schools place the figure at approximately 11 cents on each \$100 of taxable property, according to H. G. Bent, business manager of the board of education.

Altho this is the first time the proposition has gone to a vote in Bloomington, it has long been the custom, Mr. Bent said, to furnish books to pupils whose parents certify that they are unable to buy school books for their children.

Contrasting the situation here with those at Joliet and Streator where free text books are provided, Mr. Bent said that the entire burden will rest on citizens of Bloomington while in the other cities the tax burden is distributed over the township high school districts which support the high schools at Joliet and Streator.

Bloomington will elect three members of the board of education April 3. One of the new members will be chosen to complete the unexpired term of Oscar Mandel, a prominent merchant who died recently.

Under the state law distribution of free text books, once established, cannot be discontinued within four years and then not without a favorable vote by the people.

ALL RELIGIOUS SYSTEMS WILL BE DISCUSSED.
CHICAGO, March 28.—All the systems of religious education in schools throught the country will be discussed at the nineteenth annual convention of the religious education association which opens here tomorrow.

ASHLAND

Ashland, March 28.—The High School Senior class and faculty were entertained at the home of Miss Mildred Thorpe Friday evening. The following were present, Misses Bernice Blank, Garnet Carler, Lillian Hibbs, Olive McDaniels, Alma Velton, Marguerite Sever, Margaret Pierce, Priscilla Baum, Dorothy Smith, Messrs Audice Clemons, Louis Martin, Raymond Ranes, J. T. Strobbling, Carl Shivers. Faculty, Misses Laura Lytle, Florine Brown and Mr. and Mrs. D. E. Lomis.

The evening was spent in playing games and music. Refreshments were served in two courses. Mrs. Carrie Sloan of Chicago is here visiting with old friends and neighbors.

PREPARE TO SAVE ONE OF SIAMESE TWINS

CHICAGO, March 28.—Preparations were completed tonight to try to save one of the Siamese twins by severing the connection of flesh that joins them should either die as a result of their present illness.

The two, Josepha and Rosa Blazek, were declared to be in a serious condition tonight at the West End hospital suffering from an attack of jaundice.

It has previously been held that an operation was impossible and would result in the death of both, but it was decided to attempt it in the hope of saving one life if the other should die first.

PROPOSE TO PERMIT WOMEN TO SMOKE.

CHICAGO, March 28.—A proposed ordinance to prohibit women from smoking in public places which was drafted today was tonight declared a violation of the state law by an attack of the corporation counsel's office.

"The state law provides that no person between the ages of 7 and 18 years shall smoke," the attorney said. "This is construed by the courts to mean that any person over eighteen may smoke as much as he or she desires."

LAST OF AMERICAN DEAD ARRIVES TODAY

Washington, March 28.—The Army Transport Cambrai on her arrival tomorrow off New York from France with the bodies of the last of the American dead to be returned to this country will be met by the light cruiser Tacoma which will escort the transport to the army base at Brooklyn where special ceremonies have been arranged to mark the occasion.

The war department suggested the navy participation in these closing scenes in the task of bringing back the dead from France, and Secretary Denby today issued orders detailing the Tacoma to escort the transport and render full naval honors for the dead.

—SPRING REVUE—

SUSTAINS WANT OF CONFIDENCE MOTION.

OTTAWA, March 28.—The Canadian government led by Premier King was sustained on a want of confidence motion late this afternoon by a vote of 162 to 42. The vote was brought on by conservatives, headed by former Premier Arthur Meighen.

Members of the official opposition in an attack on the King administration charged the liberal party with political indiscretion and with repudiating a pledge to give cash grants to overseas veterans. The progressives led by R. A. Creer supported the government on the ground that the charge was not based upon a substantial foundation.

—SPRING REVUE—

MCMASTER IS LEADING BY 14,000

Sioux Falls, S. D., March 28.—Governor W. H. McMaster tonight held a lead of more than 14,000 for Republican nominee for governor over George W. Egan of Sioux Falls, according to returns from approximately one third of the precincts of the state as compiled by the Sioux Falls Argus-Leader.

—SPRING REVUE—

THIRTY-THREE ARE SHIPPED TO NEW YORK

CHICAGO, March 28.—Thirty-three persons were shipped to New York tonight for deportation as undesirable aliens. According to H. D. Ebey of the bureau of immigration all of them were persons who had been smuggled into the country, came in on false passports or were suffering from insanity.

SUSPENDED FROM BOARD FIVE YEARS.

CHICAGO, March 28.—Clarence H. Thayer was suspended from the Chicago board of trade for five years by the board of directors today. He was charged with taking trades while insolvent.

BRING SUIT TO RECOVER MONEY

(By The Associated Press)
FORT SMITH, Ark., March 28.—E. H. Hunter and George A. Dissmore, officials of the former Iowa State Bank of Des Moines, Iowa, today filed suit in the United States district court here to recover \$24,664.68 stolen from the bank in a daylight robbery March 29, 1919.

Earl Ward, son of a Fort Smith manufacturer is named defendant. The petition charges that Lloyd C. Patten, now serving a term in the Iowa penitentiary for conviction in a part in robbery, participated in the robbery.

The two Iowans were here recently to investigate the case. They were arrested on complaint of Joe Ward, father of the defendant in the suit filed today on charges of blackmail. These charges were dismissed later.

The grand jury investigated the case but has made no report.

Earl Ward is in a Kansas City hospital.

CLUBS AND SOCIETY

Entertains Illinois College Girls.

Mrs. P. C. Thompson entertained the members of the girls' gymnasium class of Illinois college yesterday afternoon at her home on West College avenue. The affair was given for the girls who have completed the course in gymnasium this year. Mrs. C. H. Rammelkamp assisted the hostess in entertaining and the women of the faculty were special guests at the function. Afternoon tea was served in the dining room with attractive spring flowers adding a charming touch. The refreshments were prettily suggestive of the Easter season.

I. W. C. Alumnae Will Give Tea.

The Alumnae Association of Illinois Woman's College is planning a tea to be given Saturday afternoon, April 1st, at the home

of Miss Esther Davis on Webster avenue. The hours are from three o'clock until five thirty and a very delightful affair is being planned. A general invitation is issued to all former students and graduates of the college to attend the tea.

Hostess to Congregational Ladies.

Mrs. G. W. Putnam entertained the members of the Ladies Aid Society of the Congregational church yesterday afternoon at her home on Sandusky street. This was the regular monthly social meeting of the aid and the time was spent in sewing for the church bazaar which is to be held on April 6th. A social hour came at the close of the afternoon and the hostesses served dainty refreshments Mrs. T. P. Carter and Mrs. J. J. Koeffe were hostesses with Mrs. Putnam.

Entertain For Young Married Couple.

Miss Clara Millard entertained at her home in Murrayville, Saturday evening, a large company of friends in honor of Mr. and Mrs. George Lewis, who were recently married.

The evening was very pleasantly spent with music and games and during the evening delicious refreshments were served, consisting of ice cream and cake.

The bride was formerly Miss Mae Blackman of Murrayville, who, by her charming disposition, has won many friends in that vicinity.

The groom is the son of Mr. and Mrs. William Lewis, well known residents of Woodson vicinity.

The bride and groom received many valuable and useful gifts, which were very highly appreciated.

Among the guests was Mrs. Gladys Clemmons of Centralia, Ill., a cousin of the bride.

At a late hour the guests departed, thanking the hostess for a very pleasant evening and also wishing Mr. and Mrs. Lewis a prosperous and happy married life.

Mrs. P. C. Thompson Entertains Classes

Mrs. P. C. Thompson was hostess to members of her gymnasium classes at Illinois college Tuesday afternoon at her home, 1124 West College avenue. This is an annual affair, bringing to a close the work of the year, and Mrs. Thompson was assisted yesterday by Mrs. C. H. Rammelkamp. The women faculty members were special guests of the occasion. The Thompson home was prettily decorated for the event, daffodils being used in an artistic way in the various rooms. The serving of delicious refreshments added greatly to the pleasure of the afternoon.

JUNIORS WIN FIRST INTER CLASS MEET

First Annual Indoor Meet Brings Some Close Contests — Some Good Marks are Also Hung Up to Shoot at in the Future.

The first annual inter-class indoor meet held in the Illinois college gymnasium last night resulted in a victory for the Juniors who scored 21 1-2 points. The Freshmen were second with 17 1-2 points, just one-half point ahead of the Sophomores who ran up 17. The Seniors were fourth with 10 to their credit.

Class spirit ran high from the time of the 20 yard dash which opened the program, until the exciting potato relay race closed the meet. The obstacle race in which contestants were required to go thru a hoop and then thru a sack open at both ends, created great amusement as did the human wheelbarrow race in which one man walked on his hands while a team mate, grasping him by the ankles, wheeled him along.

The Juniors owe their victory largely to the prowess of their track ace, Mellon, who won first in the shot put, medicine ball throw, tied for first in the standing high jump and running high jump, and third in the standing broad jump. His total was 16 points. Hatfield, also a Junior, was second high scorer with 6 1-2 points.

The Summary.
20 Yard Dash—1st Cully, Senior; 2nd Ellison, Freshman; 3rd Rogers, Sophomore. Time 2 1-5 seconds.

Standing High Jump—1st Mellon, Junior and Dale, Freshman, tied; 3rd, Myers, Freshman.

20 Yard Hurdles—1st Cully, Senior; 2nd Mellon, Junior; 3rd Struck, Freshman.

Shot Put (12 lb.)—1st Mellon, Junior; 2nd Dale, Freshman; 3rd Myers, Freshman. Distance 45 ft. 10 inches.

Rope Climbing—1st Riley, Sophomore; 2nd Hatfield, Junior; 3rd Thomason, Sophomore. Time 15 2-5 seconds.

Running High Jump—1st Mellon and Hatfield, Juniors, tied; 3rd Best and Harris, Freshmen, tied. Height 5 feet, 5 inches.

Obstacle Race—1st McConnell, Freshman; 2nd Weber, Sophomore; 3rd Harney, Senior. Time 29 seconds.

Throwing Medicine Ball—1st Mellon, Junior; 2nd Best, Freshman; 3rd Gunn, Junior.

Distance 48 feet, 8 inches.

Human Wheelbarrow Race—1st Riley and Ifner, Sophomores; 2nd, Cully and Farrell, Seniors; 3rd Weber and Rogers, Sophomores.

Standing Broad Jump—1st Butler, Sophomore; 2nd Hatfield, Junior; 3rd Mellon, Junior. Distance 9 feet, 10 3-4 inches.

Potato Relay Race—1st Sophomores, Weber, Riley, Miller, Ifner, Butler, Rogers. 2nd, Freshmen; 3rd Seniors. Time 2 minutes, 48 3-4 seconds.

Judges—Ralph Dunlap, Prof. Guild and William Russell.

MATRIMONIAL

Ledford-Day
Byron Ledford and Miss Mabel Day, both of this city, were united in marriage at 3 o'clock Friday afternoon at Louisiana, Mo., according to announcement just made by the young people. The ceremony was performed by Rev. W. L. Meyer, a Methodist minister at Louisiana.

The bride is a daughter of Y. D. Day of 551 Hardin avenue and has been a resident of this city her entire life. She was for a time a student at Brown's Business college, but is now employed at the Waddell & Co. store.

Mr. Ledford is a son of Mr. and Mrs. Frank Ledford of 653 East State street. He is a student at the business college and he and his bride will make their home in this city. Their friends unite in wishing them a happy wedded life.

OLD JACKSONVILLE

SOME MORE STORE OCCUPANTS

(BY ENSLEY MOORE)
Member Illinois State Historical Society

In 1857 the south half of the south portion of the west side of the Square had a lot of two-story and a half brick, store buildings. That is beginning where Frank Byrns is now. These ran within two of the corner of West State street, where were two frames, in what had been the old "Western House."

Goldra and Stryker occupied the Byrns stand as a Hat and Cap establishment, and the general appearance of the building, except the front on the ground is about as when it was built.

Mr. Goldra got furs and made more or less of his hats himself, that having been his trade. His goods were reliable, and that place has always been a good one to deal in.

This Mr. Goldra was John W. and Mr. Stryker was Henry S., father of lawyer Henry J., who passed away so lately. Both of this firm were Jerseymen. Mr. Stryker retired first, Mr. Goldra died and was succeeded by his son Judson.

The writer does not recall who had the next store before 57, but Well & Brother (Edward and Leopold), had it then, as a clothing store.

In the winter of 1878-9 the third store burned, it being occupied at the time as a bakery by John Selby, father of Miss Mary Selby, the teacher.

Well and Brother then took the ruins and built a larger and finer store, full three story front. They stayed there for years, and did a fine business, merchant tailoring being added as a part of their clothing line.

Edward Well, our most distinguished Hebrew, died, and his brother moved to the north side of the Square.

Edward Well was a member of the Board of Education from the Fourth Ward.

The Wells brought Frank Neisen here.

The Russells and Haydens
Andrew and William Russell and George and Alfred Hayden, had the next building as a dry goods and grocery store for years. They also had the next north for some time. Mr. Rus-

MAN'S BROTHERHOOD
EVANGELIST'S THEME

"Dad" Sears Heard in Inspiring Sermon at Northminster Church

"Dad" Sears is doing some fine preaching at Northminster church and a large audience last night enjoyed his gospel message. Dr. Sears took as his text, Genesis 4:9, "Am I my brother's keeper?" the subject being the brotherhood of mankind. The audience showed its interest by earnest attention from the beginning to the end of the appealing sermon.

The speaker said, "I am my brother's keeper by the law of influence. Every one is having influence for good or bad upon someone else. I am my brother's keeper by the law of mutual dependence. It is the law of interdependence and not independence. The millionaire is dependent upon the bootblack."

"I am my brother's keeper by personal influence. Who can tell of the personal influence of our mothers of our Christian fathers? And what would Jacksonville be today without the influence of good Christian men and women."

"The world is dying today for the want of sympathy. Help the fallen brother. Lift up the downcast. Feed the hungry and bear with the weak. Consider the poor. This indeed is the attitude of the real Christian."

The speaker said that some day each person must give an account of how he had met this obligation of being his brother's keeper. Tomorrow night Dr. Sears will deliver his famous lecture on "Don't Worry."

ROODHOUSE
Mr. and Mrs. Mike Todd spent the day Monday in Carlinville with his brother, Thomas Todd and family.

Master Albert Louis Gerbing was a week end visitor in the home of his uncle and aunt, Rev. and Mrs. A. L. Wood at Auburn.

D. Frank Crist returned to his home Saturday after spending the week with his parents, Mr. and Mrs. C. J. Crist.

Miss Janet Jones, who is attending the American School of Physical Culture in Chicago, was a week end visitor at the home of her parents, Mr. and Mrs. C. W. Jones.

Miss Velma Myers of Springfield was a guest of Miss Georgina Thurman several days last week and attended the K. of P. annual banquet Thursday night.

Mrs. E. H. Langdon of Roodhouse and her brother, Howard Piper of White Hall, were called to Dowagiac, Mich. Thursday night by the serious illness of their brother, Guy Piper. Word from Mrs. Langdon the latter part of the week indicated that the patient was slightly improved. He is suffering from pneumonia in a severe form.

UNION SERVICES AT CONGREGATIONAL

Sermon Was Given By the Rev. T. H. Tull—Much Interest Is Shown.

The second of the series of union services by the Protestant churches of the city was held at Congregational church Tuesday evening with a good attendance. Much interest was shown in the services.

Rev. George E. Stickney, pastor of Congregational church, presided. Mrs. Mabel Matthews Gregory sang a solo and the Rev. W. H. Marbach of State Street Presbyterian church offered the prayer.

Rev. T. H. Tull pastor of Grace church read the scripture lesson and delivered the sermon, his subject being "The Ministry of the Church." Dr. Tull preached a strong sermon and was given close attention. The benediction was by the Rev. Mr. Stickney.

The service tonight will be a Westminster church and will be the only midweek service, all of Protestant churches uniting in it. As has been decided by the Ministerial association the minister who will give the sermon will not be known until this evening.

TAX RULING HITS FOREIGN FIRMS

The entire capital stock of foreign corporations doing business in Illinois is the subject of taxation by the state, according to a decision handed down by the supreme court of the United States. As a result of the decision Illinois will receive many thousands of dollars from foreign companies.

The decision was given in the case against the Humm Hair Pin company of Chicago. Secretary of state Emmerson thru the corporation department contended that the company's properties being located in Illinois and all of its business transacted in this state, that the company should pay a license fee based upon its authorized capital stock of \$6,000,000.

The contention of the state was upheld in a test case filed in the Sangamon Circuit Court, which decision was affirmed by the state supreme court. Attorneys for the company appealed to the supreme court of the United States, where the decision of the state supreme court was affirmed. The case which has been pending since 1918, was considered important because of the large number of foreign corporations doing business in Illinois. The decision finally disposes of the question of whether foreign corporations are entitled to any deduction in the assessment of license fees upon the volume of their business which enters into state commerce.

"The decision of the supreme court upholds the contention of the state that foreign companies are subject to assessment on their full capital stock," said A. C. Margrave in charge of the corporation department. "The decision means an addition of a large amount of money to the state annually."

The case was argued in the supreme court of the United States by Assistant Atty. Gen. Clarence A. Board.

Quality for quality, dollar for dollar, cars are cheaper now than ever before.

CHAPIN WOMAN'S CLUB HAD MEETING TUESDAY

Mrs. P. H. Ham is Hostess to Club Women Tuesday Afternoon—Other Items from Chapin and Vicinity.

Chapin, March 28.—Mrs. Peter H. Ham was hostess to the Chapin Woman's Club Tuesday afternoon, April 28th. Seventeen members answered to roll call with quotations from John Greenleaf Whittier. The subject for the paper and discussion was "Movies vs. Children." Mrs. E. H. Nienhueser read an article, "The Menace of the Movies," which was followed by a general discussion.

Miss Amy Onken read a magazine story by Royal Brown, "The Suspense is Terrible." Miss Helen Sidles gave a reading, "Pro Patria." In a contest "A Cafeteria Romance" the prize was won by Miss Amy Onken. During the social hour delicious refreshments were served by the hostess. There were two guests present.

Andrew Allen was a business visitor in Bluffs Tuesday.

The Ladies Aid of the M. P. R. church will meet with Mrs. F. R. Kellogg on Thursday afternoon. Mrs. Della Knapp who has spent several months in New London, Iowa with her sister, is expected home Wednesday.

Dr. Spoonst of Jacksonville was a visitor here Monday.

See the Copper Clad Range, "the Range that can't rust out," and the Sellers Kitchen Cabinet, "the best servant in your house," at the auto show. Demonstrations by factory representatives.

ANDRE & ANDRE How many miles of steps will a SELLERS kitchen cabinet save you in one year? The kitchen cabinet with 15 famous features. Register your guess at the Auto Show booth.

Auto Show Magnet Draws Many Spectators

The people of Jacksonville and surrounding territory are showing their unmistakable interest in the Jacksonville automobile show and mechanics' exposition. The Auto Inn had thousands of visitors Tuesday afternoon and during the evening hours the throng was so great that it was at times almost impossible to gain admission to the building. But it was a good natured, orderly crowd, intent not only on viewing the exhibits but making the most of the social pleasures of the event as well.

A few of the cars expected by dealers have not yet been received but for the most part all the spaces were filled yesterday afternoon and the visitors were full of enthusiasm over the car display. The makes and models are as numerous as have been seen in the automobile shows held in cities of much larger size.

While statistics show that the number of cars sold last year in Illinois was considerably greater than in 1920, it is still a recognized fact that a great many people let 1921 go by without buying cars, firm in the belief that lower prices would come. Their "hunch" was accurate for auto prices hit the toboggan months ago and early in the present year struck the bottom. So it happened that various cars and with numerous models are now being offered at prices practically as low as those that prevailed in the pre-war days. A big automobile year is in prospect.

All visitors to the Auto Inn are enthusiastic about the handsome decorations and lighting effects. The scene is brilliant indeed and affords abundant proof of the artistic ideas of the committee which had this part of the work in charge.

A large amount of space occupied by merchants other than car dealers and there are some exceedingly unique and interesting displays. Some of these purpose to show the special advantages of the various offered and others simply call attention to the general but stable lines of merchandise handled.

The music from the Eli Bridge Co.'s electric piano is almost constantly in the air. There is the opportunity to see and hear thru the radioophone. The American Legion's country store offers joyous entertainment features and so the carnival idea is not lacking.

The ice cream "pies," the popcorn, peanuts and balloons of circus day renown are all there. Yes, there is plenty to do, and see at the automobile show and when you have viewed all the exhibits then you can remember the dancing festivities on the second floor. President Berger of the Automotive association said last night that the attendance was fully up to expectations and that the merchants who have displays are well satisfied with the interest shown.

Mr. Berger and J. F. Claus, chairman of the concessions committee, both expressed the hope that there will be fair weather now for a few days so that country roads can once more be satisfactory for auto travel. This weather change would mean thousands of additional visitors during the

closing days of the week. The individual business men or firms having special display spaces are listed herewith:

RESIDENT OF NAPLES SUMMONED BY DEATH

Mrs. John Adams Passed Away Sunday Night at Naples Home—Special Services at Bluffs Church—Other Bluffs News.

Bluffs, March 28.—Mrs. John Adams of Naples died at her home Sunday night after an illness of six weeks aged 69 years. Decedent had been in failing health for several years but her condition did not become serious until a few days ago when pneumonia developed. Besides her husband she is survived by six children and also five brothers. Funeral arrangements are not complete, but will probably be held Thursday. Interment will be made in the Naples cemetery.

Mrs. Charley Wills and sister, Mrs. George Arnold were called to Naples by the illness and death of their mother, Mrs. John Adams.

Mr. and Mrs. W. A. Jenkins of Manchester, N. H., arrived Saturday for a few days visit with their daughter, Mrs. E. T. Palmer and family at the M. E. parsonage. They will leave in a few days for a visit in Los Angeles, Calif., and Seattle, Wash.

Jesse Arnold and bride of St. Louis, Mo., have arrived for a visit with his mother, Mrs. Nancy Arnold and other relatives. Members and friends of the M. E. church are preparing to give a play entitled "The District School." Thirty give characters will be represented and the affair will be under the direction of Mrs. W. A. Jenkins of Manchester, N. H., who will arrange to have the play given the latter part of April.

Special services will be held at the M. E. church Sunday evening in honor of the Masonic and Eastern Star lodges. These orders are requested to attend in bodies.

Mr. W. A. Jenkins and daughter, Mrs. E. T. Palmer will render a vocal duet and have general charge of the musical program. The Rev. E. T. Palmer will have charge of the general service.

The automobile industry set the pace in price reduction.

Reverend Father O'Brien of Ashland was a visitor in Jacksonville yesterday.

—SPRING REVUE—

TO DEDICATE SALVATION ARMY BUILDING IN PEORIA

Members of the Mirgan county advisory board have received invitations to be present at the dedication of the New Salvation Army building in Peoria Sunday, April 2. The building has just been completed at the corner of Jackson and Adams streets at a cost of \$85,000. In the afternoon Commander E. Booth, national leader of the Salvation Army, will give a lecture on "The World's Greatest Romance." This is to take place at the Shrine temple. Senator William B. McKinley is to be the chairman of the day.

VAUDEVILLE

Novelty acts and dancing, upstairs at AUTO SHOW tonight. A big time promised. Don't miss it.

Mrs. T. N. Fox of Sinclair was a Tuesday shopper on the square.

FINAL EXAMS WILL SOON BE HELD

Supt. Vasconcellos Sends Out Papers to Fourteen Country Schools.

H. H. Vasconcellos, county superintendent of schools, yesterday sent out blanks and supplies in preparation for the final examinations which are to be held Friday April 7, for the county schools. The examinations are to be held at fourteen places in the county at the same hour and the pupils may attend the examination most convenient for them. Only pupils who have successfully passed the central examination will be permitted to take the final.

The schools where the final examinations will be held and the teachers to have charge are as follows:

Appalonia, May Miller.
Nortonville, Esther Seymour.

Alexander, Margaret Duffner.
Prentice, Paul B. Scott.
Science Hill, Mary J. Buchanan.
Pleasant Grove, Mae Cooper.
Hebron, Gottrude Sehy.
Clayton's Point, Blanche Harney.
Woodson, J. C. Colton.
Laterberry, Claude H. Cully.
Lynnville, Shirley McKean.
Concord, Virginia Enkrin.
Sycamore, Ina Mayes.
South Jacksonville, Burley Jones.

The Union Pre-Easter service for tonight will be held at Westminster church at 7:30 o'clock. All the midweek services will be combined in this service. Regular prayer meeting attendees please note. Heart welcome to everybody.

What every mother should know—

THE one subject nearest a mother's heart is the welfare of her children. It is during childhood that their health is most important.

Weak, under-nourished children seldom develop into vigorous, healthy men and women. Malnutrition produces anemic constitutions, liable to many diseases. Food is the most important factor in the development of children.

An interesting fact to every mother in America is this: Grape-Nuts, served with milk or cream, is a complete food.

Grape-Nuts is

the wholesome, delicious cereal made of whole wheat flour and malted barley. It is rich in nutritive mineral salts that supply strength and nourishment to the growing body tissues. Your children will thrive on it.

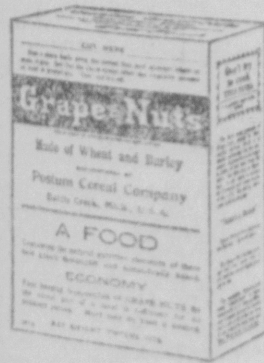

Begin today to make Grape-Nuts, with milk or cream, the regular breakfast dish—not only for the children, but for you and the others as well.

Your grocer sells Grape-Nuts, the same delicious Grape-Nuts that is served in the leading hotels and restaurants of America.

The cost of Grape-Nuts is little—because of the large number of dishes you can serve from one package.

CLOTHING PLANT WILL BE ENLARGED

Rothchild Clothing Co. Brings Manager and Foreman to the City—More Workers to be Employed.

The plant of the Rothchild Clothing Manufacturing Co. was reopened yesterday after having been closed down since Saturday noon. B. M. Schultz of Chicago, has come to Jacksonville to be manager of the plant. Several foremen came from Chicago with Mr. Schultz and all are to be identified with the Jacksonville business.

Albert Renner, who up to this time has been manager for the company, has resigned that position and hereafter will devote all his time to the business of the Jacksonville Tailoring Company. Mr. Schultz and his associates are men of wide experience in the work that they have in charge here.

It was determined by the manager of the Rothchild Clothing Co. to close the Chicago shop and to develop the business here in a larger way. Additional machinery is soon to be received here and there is every reason to expect that the business will develop rapidly and that many new employees will be taken on.

ATTENTION CLUB MEMBERS

The members of the Woman's Club, Rotary and Kiwanis are invited and urged to attend the Chamber of Commerce meeting, Thursday evening, March 30th, at 7:45 o'clock to hear W. F. Hardy, head of the Decatur City Planning Commission, explain the City Plan Idea for Jacksonville. JACKSONVILLE CHAMBER OF COMMERCE

FIRST REGISTRATION DAY FOR CITY ELECTION

Tuesday was the first registration day for the city election. Judges spent the day at the polling places compiling the books. The final registration day will be Tuesday, April 11. The present law requires two registration days for each regular election, which means that they must be held annually in Jacksonville.

FAMILY DINNER AT
LYNNVILLE HOME

Pleasant Affair at Home of Mr. and Mrs. C. W. Potter Sunday—Other Lynnville News.

Lynnville, March 28.—A family dinner was given Sunday at the pleasant home of Mr. and Mrs. C. W. Potter. The affair was in honor of the birthday of Mrs. Potter and also the third anniversary of Mr. and Mrs. Albert Potter's wedding.

At the noon hour a delicious dinner was served and the afternoon was pleasantly spent in an informal way.

Mrs. Davidson who is a patient at Passavant hospital following an operation, is improving slowly which is good news to her many friends.

Rev. L. R. Cronkrite and family have been called to Danville by the serious illness of his sister.

Mr. and Mrs. Albert Potter were Jacksonville visitors Thursday.

Miss Pearl Flagg entertained a number of her friends at a Rook party Saturday evening. A pleasant evening was enjoyed. Light refreshments were served.

Earl Sturdy spent Saturday with Foster Shepherd.

The little son of William Allen is a patient at Passavant hospital. There were no preaching services last Sunday morning on account of the absence of the pastor, Rev. L. R. Cronkrite.

On Wednesday the Ladies Aid of the Christian church will have an all day quilting at the home of Mrs. James Campbell.

Mrs. Flagg and Pearl visited recently at the home of Mr. and Mrs. Robert Mawson.

WINDOW DISPLAY
IS SUCCESSFUL

Merchants Had Windows Ready For Opening of the Automobile Show.

The Spring Opening and window display which was opened so successfully Monday night in connection with the Auto Show will be continued all this week with frequent changes in the decorations and window displays. Nine per cent of the merchants co-operated with the Trade Extension Committee of the Chamber of Commerce in the project and it is pronounced by all to be a great success. Those merchants who did not co-operate were those who were unable to do so because the nature of their business did not permit it.

Crowds of people were in the business district Monday night at seven o'clock when the whistles blew and the church bells rang announcing the opening of the displays. When the lights were turned on the displays all over the business section were even more attractive and elaborate than had been expected. The merchants expended much time and money on the opening and the results are worthy of the displays in cities much larger than Jacksonville.

Jacksonville's official colors, Blue and Gold are the predominating note in the displays. The merchants have used these colors to great advantage either in lights, ribbons, crepe paper decorations, dress goods, merchandise of different kinds and flowers. It was planned to decorate the outside of the buildings with the national colors but the damp weather made this impossible. Not only the stores on the square but also those on the side streets have co-operated in the scheme making a distinct success.

This display which is rather an innovation for Jacksonville, presents a great variety of attractive spring merchandise. The merchants have vied with each other in making their windows attractive and in going around the square it is difficult to decide which is the best looking display. The project is undoubtedly a success and it has been made so by the splendid co-operation of Jacksonville merchants who are also making possible the great success of the Auto Show and Merchant's Exposition.

ASHLAND NEWS NOTES
OF SPECIAL INTEREST

Mrs. Carrie Sloan of Chicago Visits in Ashland—Mr. and Mrs. J. J. Elmore Return to Louisiana—Other Items.

Ashland, March 28.—Mrs. Carrie Sloan of Chicago was in Ashland last week, visiting old friends and former neighbors.

Mr. and Mrs. J. J. Elmore, who have been spending the winter at Amite, La., returned home last Monday.

Lee Daniels is a patient at St. John's hospital in Springfield where he was operated on for appendicitis.

Rev. F. V. Wright, pastor of the Baptist church, was operated for appendicitis at Passavant hospital in Jacksonville last Wednesday morning.

Charles Holmes has been on the sick list the past week.

The home talent play, "Her Gloves," which was given at the Lyric two weeks ago will be repeated Thursday evening, March 30th.

The senior class of the high school had their pictures taken at Springfield Thursday afternoon. Miss Mildred Thornley entertained the senior class and the high school faculty at her home here Thursday evening.

Mr. Trimbal, state inspector from the state university, visited the high school Monday, and left a favorable report.

Miss Lottie Beggs visited her sister at Griggsville the past week.

W. B. Dyer has been on the sick list the past week.

The election of officers for commissioner and clerk of Road District No. 7 will be held at Philadelphia, April 4. The women vote at this election for the first time, and it promises to be a very interesting election.

Mr. Charles Bailey has returned home from the hospital at Jacksonville and is in a very critical condition.

We solicit your ice orders and assure you prompt and courteous service.—WALTON & CO.
Phone 44.

LITERBERRY

The Literberry M. E. society will serve lunch on election day at Arcadia.

Mr. and Mrs. Merle Brainer of Virginia are visiting at Golden Green with Mrs. O. M. Petefish. Callers at Sunshine cottage Sunday were Mr. and Mrs. J. A. Litter, Billy Goss, Underbrink, J. M. Litter, Rev. Johnson and Mrs. O. M. Petefish.

Dr. Obermeyer made some calls here Sunday to see some "grippe" patients.

Rev. Ben Johnson preached Sunday morning and evening at the Baptist church. The morning subject was "Regeneration." Reading, John 3. The evening sermon was from the subject found in First Peter 4:17-19. These sermons were deep, filled with Holy Ghost meaning and interest.

Bill Gish is the first fisherman out from our village this spring. He came in one evening last week with a fine lot of bullheads.

The Mission Circle will meet Friday with Mrs. Lydia Beavers at the "Zephyrs." All members are requested to be present. Bring all the books and get others. The reading contest closes the last Friday in April. Chairman of the reading contest.

NOTICE TO TAX PAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such persons." Parties paying on real estates should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

W. H. WEATHERFORD
Sheriff and Ex-Officio
Collector

Mrs. H. V. Megginson returned to her home here last evening after spending several weeks visiting her daughter, Miss Lena Megginson of South Bend, Ind.

ESKIMO PIE
The candy way of eating ice cream. A food, not a fad. Buy it any place you see the sign, Eskimo Pie.
MADE ONLY AT
MERRIGAN'S

FACTS GIVEN ABOUT VOCATIONAL WORK

Records of Veterans Bureau Shows
Worth of the Work Being Done

Between December 15, 1921 and January 1, 1922, 422 trainees were rehabilitated by the United States Veterans' Bureau and 345 trainees entered vocational training. Col. C. R. Forbes, Director of the Bureau has announced, "Compared to the total number that were matriculated during this semi-monthly period the graduation class represents a percentage of 125. I am glad to be able to make such a statement for it most assuredly proves that the Vocational program of the Bureau is showing its worth."

The subjects covered by the trainees range from carpentry to cartooning, and the instruction received will enable them to resume their places in the economic fabric of the country.

On the first of January, 1922, the total number of trainees that had entered upon vocational training aggregated 138,524. Of these, 104,922 were then receiving actual instruction; 19,232 had interrupted their courses, and

Indigestion Unchecked Leads to Poisoning!

Fermentation of Food in Digestive
Organs Cause of Trouble

If you suffer from indigestion it is a sure sign that your system is being slowly poisoned by the fermentation in the intestines. This condition produces heartburn, choking sensations in the chest, a feeling of heaviness or drowsiness, irritability, discouragement and despondency.

Mr. M. J. Christopher, 5724 Keyser Street, Germantown, Pa., long a sufferer from indigestion, writes: "Before using Dr. A. W. Chase's medicine, I felt so badly that I did not care whether I lived or died. I suffered from indigestion and my stomach would be so upset that even a piece of bread and a cup of coffee would give me great pain. Since taking Dr. A. W. Chase's K-L Pills I can eat almost anything without feeling any after-effects. The sore, achy feeling which I used to have in the lower part of my back is gone, and I feel so ambitious to do many things which I could not do before. You can buy Dr. A. W. Chase's remedies at all drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., are on each box. This trade mark is your protection against imitations and substitutes.—Advertisement."

only 3,359 had discontinued vocational work entirely.

Maintenance pay is being received by the majority of the trainees and the U. S. Veterans' Bureau stands the entire expense of tuition and equipment, which may take the form of either textbooks, tools or scientific apparatus.

Col. Forbes gave assurance that the vocational accomplishments were being watched very closely and every effort in the power of the Bureau was being exerted to expedite, at the earliest possible moment, the return to civil life of the thousands of ex-service men in attendance at vocational classes.

HIGH SCHOOL NOTES.

Dad Spears, lecturer and evangelist who is conducting meetings at Westminster church, made a very interesting talk to the high school students yesterday morning at assembly. The speaker took as his subject, "Perseverance," and emphasized the necessity of sticking to a job until it is completed. He also urged the young people to find out what each one is fitted to do in life and then do it. He declared that every one is fitted for some one thing and it is every one's duty to find what his particular job in life is.

The photoplay "A Hoosier Romance" by James Whitcomb Riley drew a large crowd to the high school last evening. The quaint attractive film including Colleen Moore, Thomas Jefferson and Harry McCoy in the cast and was one of the most popular films that has been shown in the high school series. The classes have been having a contest in ticket selling and the results for the tickets sold for last night's picture showed that the junior class had turned in \$13.20 and the Sophomore class \$14.75. The reports for the Freshman and Senior Classes was not completed last night.

SPECIALS THIS WEEK
In honor of the Auto Show we shall make **SPECIAL DISCOUNTS** all this week, on Dresses, Suits, Coats, Millinery, for Spring wear. Come in and see us.
SHANKEN'S

MAYOR OF UKIAH ENDS LIFE JOURNEY

"Bud" Smith Served Long and Acceptably As Head of California City—Had Relatives in This City.

Mrs. W. A. Henderson of 810 West Lafayette avenue was recently advised of the death of her nephew, H. B. Smith, of Ukiah, Cal. Mr. Smith had been for a number of years mayor of his home city and his record had been one to give him the admiration and esteem of his fellow citizens. Mr. Smith had been very prominent in Masonry as well as some other secret fraternal societies. The funeral service was one of the most largely attended ever held in Ukiah. The Masonic lodge had charge of the service.

The Ukiah paper used a two column obituary notice, together with a picture of the deceased mayor. Commenting upon his life that paper said: "With death almost at his side, Budd Smith was planning things for the betterment of Ukiah. He had a lot of ideas for the beautifying of the town he loved so well, and his great aim was to get better so that he might enter into their accomplishment. Budd Smith loved Ukiah. His ability was such that he could have gone away and perhaps made more money, and as the world weighs a man, been better off. But he had his heart strings attached strongly to Ukiah and he was more satisfied here than he would have been elsewhere."

"While of course Mayor Smith had assistance in doing it, none can deny that had it not been for him we would not have had paved streets, municipal playgrounds, free auto park, municipally owned gas, light and water systems."

A long time resident said of him that he maintained the deep and unceasing interest in movements for the public welfare and contributed of his time and influence towards such measures.

Mrs. James Sprain of this city was in Jacksonville Tuesday to attend the meeting of the Orleans Country club at the home of Mrs. J. T. Little.

E. J. Palmer has been called to Jacksonville by the illness of his nephew, W. H. Palmer of Sandusky street.

SKATER'S ARM IS BROKEN

Miss Lodel Welch of Fayette street had the misfortune to fall and fracture her wrist while skating at the Roller rink at the Peacock Inn yesterday afternoon. The young lady was skating and in some way some one accidentally tripped her and she fell. The injured girl was taken at once to a doctor's office where it was found she was suffering from a severe fracture of the left wrist. The fracture was set and Miss Welch was able to go to her home.

More and Better Light

FOR more than 30 years the Standard Oil Company (Indiana) has been a big refiner of kerosene oil.

During all this time there has been a steady improvement in the quality of its product. This improvement has been more marked in the past ten or fifteen years during which time the Standard Oil Company (Indiana) has developed methods of manufacturing to eliminate the danger of lamp explosions.

While the kerosene has been improved the devices for using it have remained unchanged.

Recognizing the fact that the users of Perfection Kerosene were unable to get a maximum service from the oil they burned, and realizing that the failure was due not to the oil but to the devices, the Standard Oil Company (Indiana) set its experts to work to find a better burner and a more efficient chimney.

These men, working with the manufacturers of burners and chimneys, have succeeded in developing devices which increased largely the efficiency of the oil.

The Standard Oil Company (Indiana) does not sell lamps. But it believes that the users of lamps should be informed as to how to get the best results from the kerosene they use.

To accomplish this result this Company is distributing sixty thousand of the new burners and chimneys to dealers handling kerosene that they may demonstrate to their patrons how to get the most light from Perfection Kerosene by using appliances correctly designed.

The Standard Oil Company (Indiana) has arranged with leading chimney manufacturers to stamp chimneys made in accordance with the design and specifications with the following trade mark:

This is but one of the many ways in which the Standard Oil Company (Indiana) seeks to increase the efficiency of the service it is rendering the people of the territory it serves.

BUILDING WORK IS ON UPGRADE

CHICAGO.—(By the A. P.)—
Building work in twelve of the
principal cities of Illinois started
on the upgrade in February, with
nearly one third more workers
employed at the end of the month
than at the end of January, ac-
cording to figures gathered for the
March Employment Bulletin of
the State Department of Labor.
Building permits issued in the
twelve cities continue to increase
indicating full employment for
the building trades workers in
the coming months, a summary
of employ, studies, for the last
month stated.

Nine hundred sixty permits for
construction work were issued in
the twelve cities last month, an
increase from 723 for the same
month last year. In Chicago, per-
mits increased from 311 in Feb-
ruary, 1921, to 634 last month.
The value of the work author-
ized was \$14,484,234, which is
nearly five and one half millions
larger than January of this year,
but more than a million less than
the amount involved in building
permits issued in February, 1921.
The reduction in total value was
accounted for by the fact that in
February, 1921, permits were
taken out for several large busi-
ness structures in Chicago.

February permits in Springfield
totaling \$381,230 were the largest
for any of the downstate cities.
In Decatur, permits called for
\$253,575 worth of work about
five times the total amount in the
same month last year.

TO LEND

We have \$2,000 to lend on
city property; also \$5,000 on
either city or farm real es-
tate.—The Johnston Agency.

GAVE PLAYS FOR STUDENTS

The girls of the Alpha Pi
Delta society of Illinois Woman's
college presented four little plays
last evening in the social room of
the college for the benefit of the
students. The plays were pre-
sented by the freshman society
at a tea given Monday afternoon
for the faculty and met with
such enthusiastic response, that
the cast was requested to give
them again for the college
students. "Proverbs in Porcelain"
was the title of the group of clever
little plays.

—SPRING REVUE—

OBITUARY OF STARETT PRESTON COY

Starrett Preston Coy was born
October 23, 1938 in Hardin coun-
ty, Kentucky. When quite young
his parents moved to Illinois and
settled in the McKendree neigh-
borhood. In 1859, Mr. Coy was
married to Mary E. Lamb. Seven
children came to bless this home,
five of whom preceded the father
in death.

On August 14, 1862, Mr. Coy
enlisted in Company 5, 115th Illi-
nois Volunteers. On April 7, 1863,
he was discharged at Nashville,
Tenn., on account of sickness.
Three comrades still live in the
immediate community, George
James, H. C. Hillig and William
Wilding.

The deceased had been in fail-
ing health during the latter years
of his life.

About two years ago he entered
the Soldier's Home in Quincy, Illi-
nois, where he passed away on the
morning of March 25, 1922.
He had attained the age of 83
years, five months and two days.
He united with the McKendree
M. E. church, about 31 years ago
under the ministry of Rev. A. J.
Ives. Later, he transferred his
membership to the Mercedosa
church.

The deceased is survived by two
daughters, Mrs. Robert Mays of
Mercedosa and Mrs. John Naylor
of Arenzville, and one brother,
Samuel Coy of Kings Co., Mo.
Besides these there are nine
grandchildren.

Walter Newton, Earl and Ulysses
Coy and Mrs. Lydia Glenn all
of Beardstown, Mollie and Alfie
Mays and Samuel Coy of Merce-
dosa and Russell Naylor of
Arenzville. There are also 15
great grandchildren.

Funeral services were held
Monday afternoon at M. E. church
conducted by Pastor Guy W.
Holmes. A male quartet fur-
nished the music, composed of
A. G. Pond, H. A. Naylor, Prof.
C. H. Guthrie and Louis Yeck.
The flowers were cared for by
Mrs. Edward Schaefer, Lottie Hy-
att, Naomi McGinnis and Hazel
Kuhlman.

Interment was in Newman
cemetery.

Those from a distance who at-
tended the funeral of Mr. Coy
were Mayor Perry and wife, New-
ton Coy, wife and baby, Walter
Coy and wife, Earl Coy and wife,
Ulysses Coy and wife, Mrs. Ly-
dia Glenn and Mrs. Lizzie Coy,
from Beardstown.

GREENE COUNTY MAN IS LAID TO REST TUESDAY

White Hall, March 28.—Funer-
al services over the remains of
James A. Scoggins were held at
11 o'clock today in the abernacle
Baptist church by the pastor, Rev.
Homer R. Evans. The burial was
in the White Hall cemetery. Mr.
Scoggins was 62 years of age, and
his death occurred at 4 p. m. Sun-
day, following an illness of three
weeks with influenza. Born at
Kane, his entire life has been
spent in Greene county, mostly
in the vicinities of Roodhouse
and White Hall, always engaged
in farming until purchasing prop-
erty on Maple Heights and com-
ing to White Hall five years ago.

There are eight children, as
follows: George C. Scoggins, re-
siding ten miles east of Rood-
house; Mrs. Vernie Welch, Rood-
house; Mrs. W. E. Bishop, White
Hall; Mrs. Henry Madison, St.
Louis; Clyde A. Charles, Clarence
L. and Edward E., all at home.
Mr. Scoggins was married at Car-
rollton, his wife's maiden name
being Annie E. Hardwick, and
she also survives.

**DURING AUTO SHOW
WEEK SPECIAL REDUC-
TIONS WILL BE MADE IN

HERMAN'S.**

SENSIBLE, THINKING WOMEN
no longer doubt the efficacy of
that old-fashioned root and herb
medicine, Lydia E. Pinkham's
Vegetable Compound, because it
relieves the ailments to which
they are afflicted. In almost ev-
ery neighborhood there are living
witnesses of its wonderful effects.
Therefore, if you doubt its value
or power to help you, ask your
neighbor. In nine times out of
ten she has been benefited by
its use or knows someone who
has. It will pay you to give this
root and herb medicine a trial.—

Check That Cold Right Away

A SUDDEN chill—coughs—stuffy
head—ache in the head—and you have
the beginning of a hard cold. Get
right after it, just as soon as the chill
sets, with Dr. King's New Discovery.
For fifty years a standard remedy
for colds, coughs and grippe.
There are no harmful drugs, nothing
but good, healing medicines, that get
right down to the trouble and help
nature.

You will soon notice a change for the
better. Has a convincing, healing
taste that the kiddies like. Good
for croupy coughs. All druggists 60c.

**Dr. King's
New Discovery
For Colds and Coughs**

Put "Pep" in Your Voice. Man-
a man is a failure in business, a poor
woman in her home, because cough-
tion stores up poison that eventually
and seizes. Dr. King's New Discovery
cures colds naturally.

**PROMPT! WANT GRUB
Dr. King's Pills**

Be Sure You Get a Full Pound

You used to ask for
a large can of bak-
ing powder and get 16
oz.—a full pound. You can't
depend on getting a full
pound today because some
baking powders are now put
up in 12 oz. or 3/4 pound cans,
and are 4 oz. short of a pound.

Never ask for a can of
baking powder — always say
"give me 16 oz., or full pound."

A large can of Calumet
always did and still does con-
tain 16 oz. or a full pound.

Form the habit of care-
ful buying—be sure you get
full value for your money.

Calumet lasts longer and
goes farther—you save when
you buy it—you save when
you use it.

Don't regret — use Calumet.

Remember!
12 oz. Is Not One Pound
Ask for a Pound
when you want it

Subtle Vogues in Spring Millinery

Rarely beautiful and pleasing are the new Chapeaux, and
many are suggestive of the Orient and mysticism. Cluster-
ing flowers on drooping brims—chic turbans with unusual
bead and pendant effects and dozens of other vogues all lend
charm and beauty.

The individuality and wide range of choice offers a distinct
appeal to the woman who knows that one's Hat may ex-
press a definite personality.

TEST VOLSTEAD ACT ON CULINARY LIQUOR

CHICAGO, March 28.—A test case attacking the constitutionality of the Volstead act insofar as it provides for the confiscation of liquor for culinary purposes was instituted in the United States district court today in behalf of a distillery which seeks to have forty five barrels of brandy being held by the government released.

The brandy was automatically seized when prohibition went into effect. The bill sets up that it is to be used for culinary purposes only and therefore unlawfully held.

The suit was directed against Prohibition Director Charles A. Gregory.

Hunting Case

We Mean, as Applied to Watches

—Surprising it is, the number of people who still favor the full case watch, known for many years as the "Hunting Case." In many respects it is most desirable.

—We are showing exquisite designs in the full case which we would like to show you; also some new light weight plain cases. The new styles are very light, small and beautiful.

—Possibly you have a watch which has proven particularly reliable, but the case is worn and somewhat shabby. Why not let us fit it with a new case, making you a really new and beautiful timepiece?

The Choicer Diamonds—Loose and Mounted

SCHAEFFER LEADS AT END OF SECOND BLOCK

(By The Associated Press)

CHICAGO, March 28.—Willie Hoppe tonight gave one of the greatest exhibitions of billiards in his long career but was unable to overcome the spectacular playing of the champion, Jake Schaeffer, in their 1,500, 18.2 ball line match for the world's title and the second block of play ended with "Young Jake" still in the lead 1,000 to 952. Schaeffer won tonight's block 500 to 486, but at one time led his challenger 390 to 97.

The champion started with rapid scoring runs of 157 and 143 which took the heart out of Hoppe's followers but only stiffened the backbone of the veteran who as a boy in his teens nearly two decades ago beat the world's greatest players.

Hoppe's lips tightened perceptibly as he sat in his corner watching Schaeffer's perfect work in the first two frames and when the challenger failed to score in his third inning the match appeared to be over.

Schaeffer, however, weakened in the final frames and Hoppe came back with 134 in his sixth frame and passed Schaeffer in the next inning with a run of 167. At the start of tonight's play Schaeffer was the Hoppe of last night. He played with precision that was perfect, while Hoppe was very unsteady and the breaks were all against him. As the game progressed the luck shifted and the champion at one time seemed certain of defeat.

Back of Hoppe's corner tonight sat his five year old daughter Alice and as the night's play closed she rushed up to her father and whispered to him.

"You'll win sure tomorrow papa."

"Perhaps she's right," commented Hoppe. "I hope so and I think so, but its evident now that the breaks will decide this match."

Schaeffer left the ball in good position for his first shot tomorrow night when the final 500 points of the match will be played.

Before the start of tonight's play the balls and the table were carefully tested to see if the weather or the movement of that part of the audience on the stage had affected them.

Schaeffer drew a good ovation when he stepped on to the stage and Hoppe was equally applauded.

Schaeffer resuming his tenth inning in the total play starting his first inning of tonight's block, found the balls grouped at one end of the table where he left them at the end of last night's block. The champion holding a thirty four point lead over his challenger began with four nurse shots but had to drive one object ball around the table for his fifth.

Several clever open shots were necessary before the champion could again group the ivories but finally got them together and quickly reached the fifty mark. His position play on drive shots brought frequent applause.

Again getting the balls together, Schaeffer brought his first run tonight to 100 almost as quickly as the referee could count. His play was much steadier than last night. A great ovation greeted the 110th points, a masse then forcing the champion into open play but two or three cushion shots and miraculous driving again grouped the ivories at the 125th counter.

Schaeffer's nursing was a revelation in direct contrast to his rather erratic position play last night and he did not drive the balls again until he had made 157. He missed a straight carom after scoring 157, for his first inning tonight, which, with the 34 at the end of last night's play made a run of 191.

Hoppe found the ivories in a good position but began playing very deliberately. He took four minutes for the first 10 points.

The challenger then speeded up and quickly had a string of 35, mixing in several good banks and drives.

Three times in the next 10 points Hoppe left the balls lined up but he recovered from the bad leaves thru beautiful shooting. He could not get them together and the run ended at 43 with the balls scattered.

A beautiful bank scored Schaeffer's first point in his second inning tonight.

At his thirtieth point the time-holder had the ivories well together at one end of the table.

Schaeffer's work in keeping the balls together was wonderful and he reached the 75th point in his second inning without a hard shot. The same style of play carried him to the 90th mark and almost impossible draws made it 100, balls becoming separated then.

The champion then restarted to spectacular shot making the way for 10 more points when he again got the ivories into position and with an occasional masse reached 125, without losing position.

Starting his second inning Hoppe again found the balls grouped together. The challenger nursed 20 points out of them and then brought them into position again thru several drives when his delicate play brought his points to 40. A masse from frozen balls made it 45 and a draw 50 with the balls all in a corner.

Hoppe got another lineup and missed after scoring 54. The total score at this point stood:

Schaeffer 800; Hoppe 563.

Schaeffer found the balls apart in his third inning but a beautiful six foot semi-circular draw brought them together and at 30th point he was in good shape mingling masses with caroms for some rapid scoring.

Schaeffer missed a drive after making 35, however.

Hoppe, however, could not score in his third inning, missing a three cushion shot and Schaeffer resumed playing.

A difficult draw proved too much for the champion after he had made 16 and Hoppe, fighting desperately against heavy odds, finally got the balls into a corner after several drives. Hoppe's first five shots in his fourth inning were hard ones but the sailing became easier as he passed the twenty one score mark. A kiss gave Hoppe his 24th point which he apparently had missed.

During his next score of points, Hoppe made some great shots but his play at first lacked its usual precision. Several times he barely made easy layouts, but finally settled down and was shooting steadily when he reached 70. He made the next billiard but failed to drive the balls out of anchor and it was Schaeffer's shot.

Hoppe did the same thing last night at exactly the same point on the table.

Schaeffer, starting with the balls together and with only 149 to go for the block quickly scored ten but was having trouble in keeping the ivories grouped.

A missed three cushion shot ended Schaeffer's run at 27, the one ball passing a hair's breadth from the second object ball.

Hoppe nursed the balls for the first ten points in his sixth inning. He then began showing the play that made him champion for 16 years. His delicate stroke kept the balls so well together that he reached 65 without moving his cue ball more than six inches on any shot.

His shooting drew continuous applause. Forced to drive only at rare intervals Hoppe maintained his splendid stroke and easily increased his run to 100 when for the first time in the inning, he went to a cushion with his cue ball making a masse rail shot for the century point.

Perfect position work carried the run to 123 when he was frozen in but recovered on a two cushion bank and again the balls were well located. A three cushion drive gave Hoppe his 134th point but the balls were lined up and he missed the next one.

Schaeffer started his seventh frame with the ivories lined up and scored on a pretty bank. He barely made his third point and the balls were still separated after two more clever shots.

His eighth point was a beautiful three cushion drive and on his next three he was forced to use all his skill. He missed a scoring 11 points, all of them difficult.

The score then stood: Schaeffer 942; Hoppe 785.

After a few open plays Hoppe got the balls together in his seventh inning and proceeded to roll up points thru nursing. He reached the 50 mark without a difficult chance, and generally the three balls were within an area which would be covered with a dollar bill. After making 65 he had to resort to drives, but the balls were together again at 65. They were separated at 70 but he again grouped them at 75.

He still had the balls in position at 100.

Hoppe's work bordered on spectacular in next shots. He played almost every shot in billiards, never seeming to lose control and always getting the balls back together. He reached 150 with the balls still grouped.

Hoppe's next seven were easy and he passed Schaeffer's score of 942. A tremendous ovation greeted his 942nd point of the match—the 157th of the run. He missed after making 167, making the score:

Hoppe—925.

Schaeffer—942.

After two points Schaeffer was frozen but made a two cushion shot. Nearly every shot drew applause and at his 12th point the champion had the balls at an end rail and was shooting steadily.

He reached 30 easily, but had to play three masses in his next five points. The fortieth point was a clever follow and table length drives together with draws

made it fifty with only eight more needed.

Schaeffer then won the block, 500 to 486 with an unfinished run of 58 making the total score:

Schaeffer—1,000.

Hoppe—952.

Score by innings:

Schaeffer:—157, 143, 35, 16, 53, 27, 11, 58, 500, 500, 1000.

Average tonight; 62 4-8. Grand average 58 14-17.

Hoppe:—43, 54, 0, 71, 17, 134, 167, 186, 406, 952.

Average tonight 69 3-7; grand average 59 8-16.

LETTER MEN SCARCE

AT OHIO THIS YEAR

COLUMBUS, O.—Attracted by the scarcity of letter men on the campus this spring, 80 candidates are in a merry scramble for varsity baseball berths at Ohio State University. When captain-elect "Pat" McNulty withdrew to go south with the Cleveland Indians only outfielder Fesler, and Cotten, Griffith and Budley, who saw more or less pitching service last year, were left to form the nucleus of the Buckeye entry in the 1922 Western Conference.

Not in the decade that he has been coaching teams at Ohio State has there been such a dearth of veteran material around which to build any varsity as confronts him this spring, declares director L. W. St. John, Buckeye baseball mentor.

For the first time in the history of the Ohio State baseball squad will take a less southern trip this spring, playing at Georgetown on April 14, the University of Kentucky on April 15, and Vanderbilt in two games at Nashville on April 17 and 18. Maryland, also new to Buckeye schedules, comes to Columbus for games on May 18 and 19. Twenty-one games, ten with western conference teams are already on the Ohio State schedule.

Ohio colleges with which games are booked are: Ohio Wesleyan, Cincinnati, Denison, Wooster and Ohio University.

WASHINGTON STARTS BASEBALL PRACTICE

ST. LOUIS, Mo.—Outdoor baseball practice has been started by the Washington University team, which is optimistic over its chances for the Missouri Valley Conference championship this year.

Coach Davis who is directing the activities of the candidates declared that the Pikers have been conceded to be among the leaders in the race.

Nine members of last year's squad including several conference stars are eligible for the new season. Chief among the holdovers of whom much is expected this year is first baseman E. O. Sharkey.

Owing to graduation, Elmer Schew, stellar second baseman, Monty Lyon, pitcher and captain last year, will not be in the new lineup.

The schedule follows:

April 14-15—Ames at St. Louis.

April 21-22—Oklahoma at St. Louis.

April 28-29—Missouri University at St. Louis.

May 5-6—Washington at Ames.

May 10-11—Nebraska at St. Louis.

May 18-19—Washington vs. Missouri at Columbia.

MANY SCHOOLS FOR BIG TOURNEY

CHICAGO, March 28.—Approximately twenty-five schools will participate in the fourth annual national interscholastic basketball tournament to be held at the University of Chicago, April 5-8.

University athletic officers announced today. Invitations have been sent to high school basketball teams that are considered the best in the country on the basis of records made during the past season. Nineteen of the teams invited have already sent acceptances. Fourteen other teams to which invitations were sent are trying to make plans that will enable them to compete university athletic officers said.

The teams that have accepted follow:

Greely High School, Greeley, Colo.; Grinnell High School, Grinnell, Iowa; South Hills High School, Pittsburgh; Yankton High School, Yankton, S. D.; Mt. Vernon High School, Mount Vernon, Ohio; Home Fogg High School, Nashville, Tenn.; Buckingham High School, Buckingham, W. Va.; Lexington High School, Lexington, Ky.; Kalamazoo High School, Kalamazoo, Michigan; Austin High School, Chicago; Rockford High School, Rockford, Ill.; Du Pont High School, Louisville, Ky.; Union High School, Grand Rapids, Michigan; Austin High School, Austin, Minn.; DeLassalle, High School, Joliet, Ill.; Antigo High School, Antigo, Wis.; Watseka High School, Watseka, Ill.; Western High School, Detroit; Waukegan High School, Waukegan, Wis.

The teams expected to come in are high schools in Cedar Rapids, Iowa; Philadelphia; Weston; Idaho; Fort Scott, Kas.; Waterbury, Conn.; Toledo, Ohio; Passaic, N. J.; Missoula, Mont.; Kenilworth, Ill.; Chicago; Sutter, Nebraska; Lehigh, Utah; Atwood, Illinois and Martinsville, Ind.

PREIN MATCHED

WITH ROLTWICZ

Chicago, March 28.—Paul Prehn, wrestling coach at the University of Illinois was matched a most Tony Roltwicz of Chicago in one of the preliminary contests to the Johnny Meyers-Ralph Parcaut match here next Monday.

They will weigh 160 pounds at 3 o'clock on the afternoon of the bout and will wrestle four rounds to a fall or decision.

PASSES ADVERSE JUDGMENT ON PLAYERS

CINCINNATI, O., March 28.—(By the A. P.)—It was with regret that Manager Pat Moran, of the Cincinnati National League Base ball club which is in training at Mineral Wells, Texas, passed an adverse judgment upon the ability of Frank Thornton to win a place as pitcher for the Reds. Moran, after closely watching Thornton's work and altho admiring him for his grit and his determination to break in the big league told the boy he was too light just yet for fast company.

The case of Thornton supplies an odd chapter to baseball annals. His home is in Pittsburgh and he is of a well-to-do family. He is regarded as one of the best semi-professional pitchers of that city. Believing that he was ripe enough to travel with the big show he came to Cincinnati on the day before the Reds started for Texas. Thornton suggested that he be given a tryout with the team. He said he would pay his fare to the training camp and all of his expenses while in Mineral Wells just for the chance of exhibiting his pitching wares.

Moran said Thornton showed that he was a quick thinker and not afraid of hard work, but in his opinion there was apparent a pitching weakness that would not pass muster with the big league batsmen.

COACHES WILL DISCUSS RULES

CHICAGO, March 28.—Upon the request of Western Conference coaches and football officials, Prof. Ralph W. Azeler of the University of Michigan, chairman of the Coaches' Committee on Football Officials will call a meeting to be held here next fall to discuss football rules, it was announced today. The action was deemed advisable because of the differences of opinion among coaches regarding rules. It was stated. It will be the first meeting of its kind since 1906, when a conference was held to discuss governing the forward pass, used for the first time that year.

NEW YORK, March

A. C. METCALF MADE ADDRESS ON PARKS

Gave Facts to Show Development That Has Come Thru the Years—Looking Forward in Jacksonville.

The March meeting of the Reverend James Caldwell Chapter of the D. A. R., was held Tuesday afternoon at the Governor Duncan Memorial Home. The speaker of the afternoon was A. C. Metcalf who gave a very interesting talk on "Our Parks, a Community Asset." Mr. Metcalf as a member of the Jacksonville Park Board spoke from his experience not only in this city but in other cities as well and his address was especially enlightening and interesting from a constructive standpoint.

Before the address Mrs. Thomas Harber sang a group of songs which included "Come Sweet Morning," by R. H. Elkin; "What Do You Think of That," by Walter Rolfe, and "If I Could Call the Years Back," by Isabel Stuart North. Mrs. Ellen Merrill, vice regent was chairman of the day. Mrs. H. W. English, chairman of the program committee had charge of the program arrangements.

Mr. Metcalf began his talk with a brief historical sketch of the growth of the country, telling first of the small settlements in which there was no need for parks as each family had its own yard and place for recreation. As the prairies were settled the cities grew larger and conditions changed. The chief thought of every city was the growth of its industrial and commercial assets with little thought given to the manner in which its citizens spent their idle hours. As conditions have changed so thought has undergone a revolution and modern cities realize that a place must be provided for the play and recreation of their workers.

The Park System.
It is this thought "How may our people best use their idle time?" that has led to the great development of our American park system. The providing of attractive parks and playgrounds in our cities has been one of the most marked features of municipal improvement in the last decades and the town that now is ranked among the leading cities of the country must have desirable recreation grounds. As with the individual city so with the nation, Mr. Metcalf pointed out, he spoke briefly on the development of our national park system. Mr. Metcalf then gave a short discussion of the publicity which a town gains thru the free camping sites for tourists. The camping ground may be provided at a very small expense and courteous treatment and desirable camping

facilities do more to give a traveler a good impression of the town than any other one thing. It has been proved in talking with tourists all over the country that the free camping site is one of the very best forms of community advertising.

A Forward Look.

In speaking of our own parks Mr. Metcalf told of the dream which he has for Jacksonville and her parks. After the lapse of five years he sees the program of the park board carried out and Jacksonville with a system of parks and supervised playgrounds that can be scarcely equalled. Mauvaisterre Park has been developed and the beautiful Victory Drive around the lake has been completed. Planting has been done all over the new park and the shrubbery and trees have transformed this already beautiful site into a wonderland of lively scenery, a playground for Jacksonville's people. Winter sports also figure in the speaker's dream for Jacksonville and the audience, at the close of Mr. Metcalf's talk, was filled with the dream that may be fulfilled for our city and realized just what the development of the parks may mean to any community.

At the close of the program the usual delightful social hour was spent. Afternoon tea was served in the dining room where spring flowers were attractively used in decoration. The hostesses for the afternoon were Mrs. J. W. Walton, chairman; Mrs. Caroline H. Reid, Mrs. Lucinda Ritchey, Mrs. Emeline O. Robertson of Virginia; Mrs. Laura Rogers, Miss Louise B. Russell, Mrs. Ellen G. Russell, Miss Jeanette Russell, Miss Maude Ryman, Mrs. Julia Shields, Miss Florence M. Smith, Miss Sallie Stacy, Miss Claire Stevenson, Mrs. Ruth J. Stevenson, Mrs. Mary Epler Stevenson, of Little Indian; Miss Edna Smart, Mrs. Annie R. Strawn, Miss Frances Strawn, Hazel Strawn, Mrs. Ida B. Strawn, Miss Lolia C. Strawn and Mrs. Mary M. Strawn.

ORLEANS COUNTRY CLUB MET TUESDAY.

Mrs. J. T. Little was hostess to members of the Orleans Country Club Tuesday afternoon at her home in Alexander. The muddy roads kept many of the members away, but there were a number of guests present and the session was a very interesting one. Mrs. L. Marshall Miller of Jacksonville made an informal address, telling of the work of the anti-saloon league, what has been accomplished and what is in prospect.

A pleasing feature of the program was a piano solo by Mrs. Lester Gray. A social hour followed the program, and at this time the hostess served delicious refreshments. The next meeting of the club will be held on Tuesday, April 11, at the home of Mrs. Lucille Curry.

WORKING TO SECURE SUBWAY NEAR ARNOLD

Charles M. Strawn, clerk of road district No. 8, has recently received a letter from the management of the Wabash railroad with reference to the subway which it is proposed to build east of Arnold, in connection with the hard road.

Mr. Strawn and John Snyder, who is commissioner of the district, have both been active in presenting this situation to the Wabash and the indications are that the road management will find some way of meeting the situation. The fact that the Wabash is not in good financial condition has made it somewhat difficult to secure prompt attention to the project.

High School Auditorium
March 31st, 8 p. m.
Tickets 50c and 75c
Seats reserved at High School

DAVIS SWITCH
Russell Devore has returned to his home near Woodson after a pleasant visit with his uncle, Thomas Johnson and family in Iowa.

Samuel Butler and granddaughter, Miss Emma Louise Bell, were Jacksonville visitors Saturday. Otto Grimmer of Ashland, formerly of this neighborhood, was a Saturday shopper in Jacksonville.

Big Sandy hill south of Jacksonville, still remains in a bad condition, several cars being there Saturday and Sunday.

Mr. and Mrs. J. H. Cain entertained friends from Belleville and St. Louis Sunday.

Mrs. P. J. Wolfe and daughter were Saturday shoppers in the city.

H-Y CLUB HELD MEETING LAST NIGHT

The H-Y club held a regular meeting Tuesday evening at Grace M. E. church, with thirty-two members present. This was the first meeting in two weeks, as last week's meeting was postponed because of the absence from the city of Secy. J. S. Findley. A splendid dinner was served by the women of the church at six o'clock, and afterward came the regular study period. A brief business session was held and various routine matters were considered. The boys will meet next week at the Congregational church.

CHAIR IS STOLEN

Miss Ida Lee of 603 North Church street yesterday reported to police that a chair had been stolen from her porch some time during Monday afternoon. Miss Lee was away from home for a short time during the afternoon and it was then that the chair was taken.

Deep Down! Sure Fire! Honest Reductions With A Reason Behind It! Plain As Day!

These Windy Days Are Hard on the Eyes

It isn't to be wondered that the majority of people need glasses. Besides the strains caused by small print in newspapers and books, close to artificial light, there is the added strain caused by wind and dust.

No matter what the cause of your visual effects are—our scientific Optometrical examination—will determine whether glasses will correct the difficulty.
